selected and returned to serve as Grand Juror and
Petit Juror. respectively, to be holden in Portsmouth
within and for said County, on the 12th and 18th
of April ^{next}, respectively, and the persons who shall
be selected for that service, you are to cause to be
duly notified thereof, to attend the same on that day
at Ten o'clock in the forenoon, and until discharged
by order of the Court; and make return of this writ,
with your doings within.

Witness Hand A. Burpee. Coquise, this second day
of March, 1938.

Amos S. Randall, Clerk.

Bellingham, ss. In pursuance of the within venire, I appointed the 25th day of March, 1908, at 3 o'clock in the afternoon, at the Town Hall in said Town of Hampshire, as the time and place for drawing the jurors as within directed, and on the 26th day of March 1908, gave notice of said time, place and purpose, to Edward S. Batchelder, Clergy G. Shaw, Harry D. Murree, selectmen of said Town, and on the same day posted notices thereof at Town Hall and Post Office a public place in said Town, and at the time and place so appointed in the presence of the following named selectmen, Edward S. Batchelder, Clergy G. Shaw, Harry D. Murree, and of such other persons who wished to attend

John V. Mudd.
Everett L. Mudd.

Grand Juron.
Petit Juron.

Was by me duly drawn to serve as Grand and Petit Jurors for the Term of Court within mentioned, and on the 20th day of March 1908, I served notice upon said Jurors in writing of their selection as Jurors and of the Court they are to attend, and the day and hour they are to appear.

William Brown, Town Clerk.

Report of Nacentenary Committee.
Your Committee began last summer to make preparations for the celebration, it was decided that the celebration should be held on August 21, 22, 23 and 24 and 28, 1938. The following committees were organized to take charge of the various details in connection with the same:

Committee appointed.

Ball.	Hazel B. Coffin.
Pageant.	Adeline C. Marston.
Parade	William Brown.
Athletic	Henry B. Hobbs.
Decorations.	James B. Merrill.
Old Home Day.	Helen K. Brown.
Historical	Edgar Haven.
Religious	Robert Walker.
Publicity	Arthur J. Pennington.
Program.	Charles E. Greenman.
Invitations	Harry Munsey.

A tentative schedule of events are as follows:

August 21, Sunday. Church Services,
" 22 Monday. Athletic Day, with a Ball at Hampton
Casino in the evening,
August 23, Tuesday. Old Home Day with Pageant in the evening,
August 24, Wednesday. Parade, with " " " "

August 28, Sunday. Church Service with Dr. Allan H. Chambers of Broadway Tabernacle, N.Y. City as the speaker. In addition there will be an exhibition of antiques and many special activities.

In connection with the producing of the Pageant the services of the John B. Rogers Producing Co., of Fostoria, Ohio, have been secured and this concern will supply the directions Lighting Equipment, 700 Costumes, scenery and other necessary materials. The pageant itself is being written by Mrs. Eloise Lane Smith and deals with historical events of the town's history. Of the thousand dollars appropriated by the town last year the sum

\$159.61 was spent up to January 28, 1938, leaving a balance on hand of \$846.39. It is estimated that an additional sum of \$5000, will be needed for the celebration. This money will be spent for the Publicity, Pageant, Parade, Decorations, Old Time Day, Prizes, Bands, Regime Drill Corps, and other committed expenses. Your Committee is hopeful that a part of the \$5000 will be repaid to the town as a considerable revenue will be received providing the weather is good.

The Casino associates have very generously offered the hall Committee the use of the Casino Dance Hall for the ball to be held on Monday Evening, August 22, and the Committee wishes to thank them for their generosity. It is expected that the ball will be one of the features of the celebration and will bring in considerable money to the town.

The invitation Committee sent a letter to each of the towns originally a part of Hampton for warmly inviting them to participate in the celebration - and asking that the letter be read at Town Meeting and that a Committee be appointed to prepare for their part in the Tercentenary. A celebration of this nature is necessarily a community affair as all of those interested are only able to give a portion of their time; therefore, it is necessary that everyone take part and assist in the same. It is impossible for the Committee to know just what each person is interested in and it is suggested that you volunteer your services because unless the whole community is generally interested it will be impossible to stage a successful Tercentenary.

Report of Zoning Committee.

Your Committee has made a general survey of the zoning problems that confront the town. Various members have made investigations of the points to be considered and have contacted agencies such as the New Hampshire Board of Fire Underwriters, the New Hampshire Planning Board, etc.

It appears to your Committee that an adequate map must first be made and secured. In connection with this, the making of an assessor's map should be considered. Hampton has long needed a comprehensive map of the town for the use of the town officials.

Your Committee recommends that a further study be made of this problem to see if simpler zoning regulations can be enacted to prevent nuisances such as junk yards, automobile graveyards, and unsightly billboards.

Your Committee further recommends that the sum of five hundred be added to five hundred raised last year and that the selectmen be authorized to engage a surveyor to begin the making of an assessor's map of the town of Hampton which map will be available for the use of the Zoning Committee and the town officials.

Town Warrant for Special Town Meeting.
September 1938.

Town of Hamplon, State of New Hampshire.
To the inhabitants of the Town of Hamplon, County of Rockingham, and State of New Hampshire, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Hamplon on Thursday, the 1st day of September, next, at ten o'clock in the forenoon to act upon the following subjects:

Article 1.

Upon a petition of George Belworth and forty-nine other legal voters of the Town of Hamplon:
To see if the Town will vote to authorize the selectmen to execute a Quit Claim Deed to the United States of America, granting to the said United States of America, the right of use and occupancy for Coast Guard purposes of a certain tract of land located in said Hamplon, said use and occupancy to include the right to construct, erect and maintain thereon a life - saving or life-boat station and other structures incidental to and necessary for said use and occupancy, together with the said right to remove the same during said occupancy or within a reasonable time thereafter, said tract of land being a certain triangular tract, bounded and described as follows:

"All that tract of parcel of land in Hamplon Beach, County of Rockingham, and State of New Hampshire described as follows: Beginning at a point in the southwesterly side of Dover Avenue, which point is distant approximately two hundred forty-one (241) feet southwesterly from the intersection of the southwesterly side of Dover Avenue with the southeasterly side of River Avenue, and is likewise located North fifty-two degrees (52°) fifty-four minutes (54') fifty-five seconds (55") east approximately two hundred thirty-eight (238) feet from a concrete bound state marker, thence from the point of beginning so found, North fifty-two degrees (52°) fifty-four minutes (54') fifty-five seconds (55") east a distance of approximately one hundred forty-two (142) feet to a concrete bound state marker; thence, at an interior angle of forty-three degrees (43°) eleven minutes (11) no seconds from the last mentioned course, and running south nine degrees (9°) forty-three minutes (43') fifty-five seconds (55") west a distance of two hundred ninety-five and eighteen one-hundredths (295.18) feet to a point, thence, at an interior angle of eighty-five degrees (85°) fifty-six minutes (56') no seconds from the last mentioned course, and running North seventy-six degrees (76°) twelve minutes (12') five seconds (5") west a distance of two hundred sixty and thirty-six

one hundredth (260.36) feet to a concrete bound State Marker, which last mentioned point likewise bears North seventy-two degrees (72°) eighteen minutes (18') fifty-five seconds (55") east a distance of five hundred twelve and thirty-seven one hundredth (512.37) feet from another concrete bound State marker; thence at an ^{azimuth} angle of fifty-degrees (50°) fifty-three (53') no seconds from the third course, and running north fifty-two (52°) fifty-four (54') fifty-five seconds (55") east a distance of approximately two hundred thirty-eight (238) feet to the point or place of beginning; as shown by "Survey of Proposed Site for Hampton Beach Station" dated August 6, 1908, made by United States Coast and Geodetic Survey, Office of Division Civil Engineer, Boston, Massachusetts; together with the improvements thereon."

Said Indenture deed to contain a clause to the effect that in giving said deed the said Town of Hampton in no way releases any of the conditions or restrictions set forth in the aforesaid deed from the Town of Hampton to the State of New Hampshire in so far as the remaining tracts of land contained in said deed are concerned or to this particular tract in the event of its abandonment by the United States of America for coast guard purposes, and this deed shall be effective only for so long as it does not act as a release of said conditions or restrictions.

Article 2. To transact any other business that may come before said meeting.

Inhabitants of Town of Hampton
Inhabitants of Town of North Hampton
Inhabitants Town of Hampton Falls
Thomas P. Cheney, Attorney General
Christopher Toppan
Mary Toppan Clark
Abbie Toppan Batchelder

Now comes Howard G. Lane, Christopher Toppan, Samuel Towle, Elmore Dearborn, William T. Ross, Flora Lane all of Hampton in said County and Kenneth Swain of Hampton Falls in said County, Gordon Dow and Paul Hobbs both of North Hampton in said County and Hollis Johnson of Milton in the County of Norfolk and Commonwealth of Massachusetts, as they are Trustees of Hampton Academy and complain against the Inhabitants of Town of Hampton the Inhabitants of the Town of Hampton Falls, the Inhabitants of Town of North Hampton, Thomas P. Cheney as he is Attorney General of the State of New Hampshire; Christopher S. Toppan, and Mary Toppan Clark both of said Hampton and Abbie Toppan Batchelder of Newburyport in the County of Essex and Commonwealth of Massachusetts, as they are the heirs of Christopher Toppan late of said Hampton, deceased; and said Mary Toppan Clark in her own right, and say:

1. That your petitioners are Trustees of Hampton Academy, an educational institution established under the laws of the State of New Hampshire, and have operated and maintained an academy in the town of Hampton which has employed teachers and

-2-

facilities to provide the equivalent of a high school education to residents of the Town of Hampton and said surrounding communities.

2. That your petitioners in their capacity as Trustees as aforesaid, hold title to two certain parcels of real estate in said Hampton which are occupied by said Hampton Academy and upon one parcel of which is located the Hampton Academy school building.

3. That one parcel of said real estate is described as follows:

A certain lot of land situate in Hampton, together with the school buildings thereon bounded North by High Street; East by land of Morlena D. Church; South by land of Janet McCoy and West by Academy Avenue, containing one acre more or less.

and acquired by said Petitioners from Christopher Toppan, late of said Hampton deceased, and that Christopher S. Toppan and Mary Toppan Clark both of said Hampton and Abbie Toppan Batchelder of Newburyport in the County of Essex and Commonwealth of Massachusetts are all the heirs of said Christopher Toppan.

4. That the other parcel of real estate, bounded and described as follows:

A certain tract of field land situate in said Hampton containing about 1½ acres bounded as follows: Westerly by Academy Avenue, so-called, Northerly by the North Beach Road formerly called the New Road; Easterly by land of Albert K. Church in a broken line; Southerly by lands of Hampton Academy and said Church, in a broken line.

was acquired by deed of said Mary C. Toppan (Clark) dated June 5, 1917, recorded in Rockingham Registry of Deeds Book 804, Page 347 and is subject to the following condition:

Provided always, and this deed is upon the condition, that said land shall be used by the grantee and its successors for ornamental and athletic purposes only, and as a playground, and never for agricultural, gardening or orchard purposes, and should said land ever cease to be used for ornamental, athletic and playground purposes, and be used for agricultural, gardening or orchard purposes the premises shall immediately revert to the grantor, her heirs or assigns.

-3-

5. That your petitioners also hold certain trust funds bequeathed to them for the purposes of providing the equivalent of a high school education to the residents of Hampton and said surrounding communities.

6. That the Inhabitants of the Town of Hampton have voted in a school meeting duly called and held, to establish a high school as a part of the public school system and appropriated money for the construction of a high school building in said Town of Hampton and to provide high school education free to residents of the Town of Hampton.

7. That the curriculum of said public High School will be equivalent to and of the same nature as that which the Hampton Academy now provides.

8. That residents of said Town of Hampton within the age limits provided by law for attendance at a high school will be required to attend the public high school established by the voters of the town when the construction of said high school is completed.

9. That after the establishment of the public high school in said Hampton there will be an insufficient number of students from said surrounding communities to warrant the continued operation of the Hampton Academy.

10. That the school board of the Town of Hampton have requested that the premises now occupied by the Hampton Academy and described above be dedicated to the use of the Town of Hampton for the construction site for the public high school.

11. That your petitioners are ready and willing to make such dedication and believe that it is a prudent and economical thing to do under all the circumstances, yet are uncertain as to their duties under their trusteeship.

12. That your petitioners have in addition to the real estate invested funds with which they will assist in providing education for students from the communities outside of Hampton

-4-

in accordance with the provisions of their trust, and also will assist the Town of Hampton in providing educational facilities.

WHEREFORE, your petitioners pray that this Honorable Court advise them

1. Whether the dedication of the premises acquired by the petitioners from Christopher Toppan and described as follows:

A certain lot of land situate in Hampton, together with the school buildings thereon, bounded North by High Street; East by land of Morlena D. Church; South by land of Janet McCoy and West by Academy Avenue, containing one acre more or less.

to the uses and purposes of a public high school, erected, managed and maintained by the Inhabitants of the Town of Hampton by and through its School Board will be within the terms and conditions of the trust imposed upon the Trustees of Hampton Academy providing said Trustees are satisfied that they have sufficient invested funds to assist students of said surrounding towns.

2. Whether the dedication of the premises acquired by deed of Mary C. Toppan and described as follows:

A certain tract of field land situate in said Hampton containing about 1½ acres bounded as follows: Westerly by Academy Avenue, so-called, Northerly by the North Beach Road formerly called the New Road; Easterly by land of Albert K. Church in a broken line; Southerly by lands of Hampton Academy and said Church, in a broken line.

Provided always, and this deed is upon the condition, that said land shall be used by the grantee and its successors for ornamental and athletic purposes only, and as a playground, and never for agricultural, gardening or orchard purposes, and should said land ever cease to be used for ornamental, athletic and playground purposes, and be used for agricultural, gardening or orchard purposes the premises shall immediately revert to the grantor, her heirs or assigns.

to the uses and purposes of a public high school, erected, managed and maintained by the Inhabitants of the Town of Hampton by and through its School Board will be within the terms and conditions of the trust imposed upon the petitioners of Hampton Academy providing said petitioners are satisfied that they have sufficient invested funds to assist students of said surrounding towns.

3. Whether or not such dedication may be made by deed or other conveyance.

Resolution

There has been

Whereas the Hampshire Representative in the New Hampshire General Court has given to the press and to many public officials a statement containing remarks derogatory to Hampton Beach Village District and to the Hampton Beach Chamber of Commerce and Development Council, and
Whereas it appears that these statements do not reflect the true conditions which exist, therefore
Be it Resolved that we, the citizens of Hampton in town meeting assembled express our confidence in the healthy conditions of Hampton Beach as one of the best vacation centers in New England and in its continuing growth and development and
Be it further Resolved that we express to the Hampton Beach Village District and to the Hampton Beach Chamber of Commerce our sincere appreciation for their efforts in behalf of the recreational welfare of our township.

Hampton Co-operative Building & Loan Association,
 Hampton, New Hampshire.

Gentlemen:

Our attention has been called to the fact that a question has arisen in the mind of the Bank Examiner in regard to the Bank's position under the leases issued by the Town of Hampton to various individuals and assigned to the Bank. The terms of these leases, of course, require payment on a certain date and provide for forfeiture in the event of non-payment. The consent to the assignment of these leases to the Bank is signed by the Board of Selectmen and we assure you that no lease assigned to the Bank will be cancelled for non-payment of rent or any other reason without at least ten days' notice of such proposed cancellation being given to the Bank so that the Bank may pay the rent or correct any other violation.

It has not been our custom to grant extensions of leases during the term of the lease, but we assure you that no undue advantage will be taken of the Bank in case of the expiration of any lease which has been assigned to the Bank and on which property the Bank holds a mortgage. We assure you that we will co-operate with the Bank to prevent any loss to the Bank by reason of the expiration of any lease.

Very truly yours,

Selectmen of the Town of Hampton.

Report of Zoning Committee.
In accordance with instructions from the 1941 Town Meeting your committee continued a study of the problem of zoning. One public meeting was held in the Broomfield Hall at Hampton Beach on September 5, 1941. This meeting was well attended and the great majority of people seemed to be in favor of zoning but there was some difference of opinion as to just what should be zoned. The question of over night cabins was the main point of discussion.
Your committee believes that over-night cabins should be permitted in some sections of the Town but not in all sections.
It was planned to have another public meeting prior to the town meeting but again was was declared in December it did not seem advisable to proceed at this time. Your committee believes that zoning is desirable in Hampton but does not feel that such a task can be undertaken while anyone is engaged in defence work.
It is therefore, recommended that the study of this problem be continued with the idea of some final

being taken in the future, after we have successfully
dealt with the more important problem such
as defeating Hitler and his yellow henchmen,
the Japs.

OF

JETTY EASEMENT LAYOUT

TOWN OF SEABROOK

TOWN OF HAMPTON

Upon the foregoing petition we appointed a hearing and gave notice thereof as aforesaid, and on the 28th day of July at 10 o'clock in the forenoon in the office of the Salisbury Beach Associates on Seabrook Bridge, the time and place appointed, certain interested parties and landowners appeared and having heard all parties interested who attended and all evidence offered by them, and having examined the property to be taken for the purposes set forth in the foregoing petition, we are of the opinion, that for the accommodation of the public and for the protection of certain sections of the sea-coast and for the purpose of stabilizing the mouth of Hampton River and to improve the harbor facilities of said Hampton River, there is occasion for the laying out of an easement for the purpose mentioned in the foregoing petition, and we therefore, lay out an easement for the purposes of a jetty and for the maintenance of same and for the possible construction of a future highway, as follows:

Beginning at a point on the northwesterly ledge of the group known as White Rocks on the southerly side of Hampton River and running; thence in a straight line northwesterly to a point on Gun Rock; thence running westerly in a straight line which is at right angles to the line of the Hampton River Toll Bridge to the toll bridge highway. The easement hereby laid out extends one hundred (100') feet in width southwesterly from the lines described above, making an easement one hundred (100') feet in width. The points on White Rocks, Gun Rock, and the Hampton River Toll Bridge are to be marked at a later date by permanent markers of a suitable nature.

And we award damages to owners, or possible owners, of land over which the easement herein described is laid out as follows:

Salisbury Beach Associates	\$ 1.00
Town of Seabrook	\$ 1.00
Town of Hampton	\$ 1.00
Frank Beckman	\$ 1.00

NATIONAL REEMPLOYMENT SERVICE

To the People of the Town of Hampton

Since July, 1933 you have had through various federal programs some contact either direct or through your town officials with a governmental employment service. Due to these contacts some of you are quite familiar with the Employment Service, others have practically forgotten that these contacts were made. Without dwelling further on the past programs, may we state that by an act of Congress in 1933, the United States Employment Service was directed to aid the states to establish and maintain state-wide public employment services. This service is here to serve you, some of you may only desire local highway work, some of which is handled through this Service, some through other services, practically all require registration with the Employment Service. Others of you may desire work in private industry in nearby towns or even in communities quite some distance away in this State or in any of the 48 States.

Anyone legally old enough to work may register at the National Reemployment Service Office. If it is inconvenient to come to the Portsmouth Office, your town clerk has a supply of the necessary blanks. The services of the public employment offices are without charge to both the worker and the employer.

Public employment offices refer persons to openings with private employers. Private employers use these public employment services to obtain all classes of workers, from laborers to business and professional people.

-2-

The ability to do the work and not a person's need for work is the sole guide used by the Employment Service in selecting the applicants to be sent to the private employer who has requested workers.

Employment offices are entirely separate from the Emergency Relief, Works Progress, and Public Works Administrations. Further, the Employment Service hires no one. The office only refers individuals to employers.

May I again call your attention to the fact that this Service is without charge to the worker or the employer. We have daily calls for workers in every branch of industry from common day laborers to professional workers. We welcome all qualified workers to be registered so that when opportunities arise they will, if qualified, be immediately contacted and in turn, if available, referred to a prospective employer for an interview.

Yours very truly.

Now Warrant For Special Town Meeting June 1, 1943.
Town of Hampton
State of New Hampshire.

To the inhabitants of the Town of Hampton, in the County of Rockingham in said State.

You are hereby notified to meet at the Town Hall in said Hampton on Tuesday the first day of June, 1943, at seven-thirty o'clock in the afternoon to act upon the following subjects:

Article I To see if the town will vote to adopt the following ordinance relating to Clams.

(1) In order to protect, propagate and conserve the Clams within the limits of the Town of Hampton the Selectmen are hereby granted authority to determine what section or sections of the Clam flats or creeks shall be open for the digging or taking of Clams and what section or sections shall be closed and the Selectmen may from time to time open or close sections of the flats or creeks. On closed sections the Selectmen shall cause to be erected such notice or notices as they may deem sufficient, and no person shall dig or take any Clams from any closed flat or creek.

(2) No person shall dig, take, buy, sell, give away, expose for sale, or possess for any purpose Clams in their shells measuring less than two inches in length by their longest dimensions, and the possession of more than ten such Clams less than two inches in length shall constitute a violation of this section.

(3) No person shall dig or take Clams from any ^{clam} flat or creek in the Town of Hampton unless he has a license or permit therefor, as follows:

(a) The Selectmen may issue a bona fide resident of the State of New Hampshire an annual license which shall entitle said licensee to dig and take Clams, not in excess of three bushels in any one day, from the open flats or creeks, upon the payment of a fee of five dollars.

(b) The Selectmen may issue to a bona fide resident of the State of New Hampshire, or to a non-resident owning or leasing real property within the Town of Hampton, an annual permit which shall entitle said permittee to dig or take Clams for his own consumption or that of his family, not in excess of one-half bushel in any one day. There shall be no fee for such annual permit.

(4) all licenses and permits shall expire on March 31st following the date of issuance. No license or permit shall be transferable.

(5) If any person is convicted of violating any of the provisions of this ordinance his license or permit may be suspended or revoked by the Selectmen for such period of time as they may determine.

(6) If any provision of this ordinance is held invalid, it shall not affect the validity of the remaining provisions thereof.

(7) Whoever violates any of the provisions of this ordinance shall be fined not more than ten dollars.

Article II To see if the town will vote to adopt the following ordinance relating to Taxicabs:

(1) No person shall operate a taxicab in the Town of Hampton without first securing a license therefrom the Selectmen, the annual license fee shall be \$25.00 and all licenses shall expire on the March 31st following the date of issuance. No license shall be issued unless and until the applicant furnishes the Selectmen with proof of reasonable insurance or bond for the protection of passengers riding in said taxicab. No license shall be issued except to a bona fide resident of the Town of Hampton. Any person operating more than one taxicab must secure a license for each taxicab. A license may be transferred upon request to another taxicab acquired by the licensee but shall not be transferable to any other person. The license must be carried in the Taxicab at all times.

(2) Any person violating any of the provisions of this ordinance shall be fined not more than \$25.00 to incur to the use of the town.

(3) If any provision of this ordinance shall be held to be invalid, it shall not invalidate the remaining provisions thereof.

LEGAL NOTICE
Clam Ordinance
 As Amended by the Annual Town Meeting of Hampton, N. H., March 12, 1946 to read as follows:
 (1) In order to protect, propagate and conserve the clams and clam worms within the limits of the Town of Hampton, the Selectmen are hereby granted authority to determine what section or sections of the clam flats or creeks shall be open for the digging or taking of clams and clam worms, and what section or sections shall be closed in the Town of Hampton, and to determine the time to time open or close sections of the flats or creeks. On notice as they may deem sufficient, and no person shall dig or take any clams or clam worms from any closed flat or creek.
 (2) No person shall dig, take, buy, sell, give away, expose for sale, or possess for any purpose clams in their shells measuring less than two inches in length by their largest dimensions, and the possession of more than two such clams shall constitute a violation of this section.
 (3) No person shall dig or take clams or clam worms from any open flat or creek in the Town of Hampton unless he has a license or permit therefore, as follows:

(A) The Selectmen may issue a license to any person who is a bona-fide resident of the State of New Hampshire as annual license which shall entitle said licensee to dig and take clams, not in excess of three bushels in any one day and to dig clam worms from the open flats or creeks, upon payment of a fee of five dollars.
 (B) The Selectmen may issue to any person who is a bona-fide resident of the State of New Hampshire, or to a non-resident owning or leasing real property within the Town of Hampton, an annual permit to dig or take clams for his own consumption or that of his family, not in excess of that which may be taken in any one day, upon payment of a fee of five dollars. There shall be no fee for such an annual permit.
 (C) The Selectmen may issue to a non-resident a permit to dig clam worms not in excess of one pint per day for his own use upon payment of a fee of one dollar.
 (D) This ordinance shall not prohibit any person from taking worms for his own use and not for resale.
 (E) All licenses and permits shall expire March 31, following the date of issuance.
 (F) If any person is convicted of violating any of the provisions of this ordinance his license or permit may be suspended or revoked by the Selectmen for such period of time as they may determine.
 (G) If any provision of this ordinance is held invalid, it shall not affect the validity of the remaining provisions thereof.
 (H) Wherever in any of the provisions of this ordinance shall be fined not more than ten dollars.

Result of Town Meeting

March 14, 1944.

Meeting, called to order by the Moderator John W.R. Brown.
 at Ten o'clock in the forenoon.

The warrant was then read by the Moderator of which
 Prayer was offered by Rev. Edgar Warren.

Prayer.

Our Father who art in heaven, hallowed be thy name.
 We come to thee this morning, as men have always come,
 to thank thee for thy goodness in the past and to ask for a
 continuance of thy mercies.

We thank thee, O God, for the town where we have
 our homes and for the great Republic of which we are
 citizens. Continue to bless and guide us in the future
 as thou hast in the past. Bless thy servant the President
 of the United States, and thy servant the Governor of
 this Commonwealth, and be with all those who this
 day are elected to office in this and other towns,
 that they may be so guided and governed by thy good
 spirit that they will discharge the duties of their office
 wisely and well.

May we who are gathered here this morning do our work
 so carefully and conscientiously that the welfare
 of our Town will be promoted and its good name
 protected.

O, God, as we meet here this morning in security
 and peace, we would remember that our country is at
 war and that many of its best and bravest have been called
 to its defense. Bless our arms, we beseech thee, and
 grant to us a speedy victory and a permanent peace.

Be with our forces on land, sea and air.
 Bring our boys and girls safely back, if it be thy will;
 but if called upon to make the supreme sacrifice may
 they make it gallantly and gladly and may their souls
 enter into thy eternal peace. Purge out of our National
 life all that is wrong, selfish and sinful, and
 may we be a better and more consecrated people
 because we have passed through the fiery
 Crucible of War.

Lord God of hosts, be with us yet,
 lest we forget, — lest we forget!

Amen.

The Moderator then appointed the Ballot Clerks who were
 Charles F. Adams, Moderator for Ballot and Arthur A. Rimmann, Clerk.
 Ballot Clerks: Solon Greenwells, Charles Raymond, Willard Emery,
 Ernest W. Towle, Howard Lambert, of which the ballots
 began to Ballot Clerks and votes were then called for.

Copy of Program made by: Rev. Ezra Warren.

O God who art our sun and shield, the illuminator and the protector of all who put their trust in thee, we pause at the beginning of this meeting to ask for thy benediction. We realize how futile are all our activities without divine direction. So we ask thee to be with us at this time as thou wast with our fathers. Give us unselfish hearts and understanding minds so that we may act wisely upon all the matters that come before us. May no selfish ambition or greed for gain stain our actions, but may we be influenced by the spirit of true patriotism and devotion. Bless our town, we beseech thee in all its enterprises and activities. May we build well for the present and plan wisely for the future. Protect our coast from the tides of the ocean and our homes from the tides of evil which run so high in the world about us. Be with the men who today are elected to office by our votes, and may they deserve the trust we repose in them. Be with our State, and may the time come when we shall learn not to compromise with evil or derive gain from sources that defile and harm. O God, who hast instructed us to rejoice with them that rejoice and to weep with them that weep, we rejoice that thou hast opened the doors of thy prison house and brought back to us one whom we all love and in whom we all take pride; but the tears come to our eyes when we think of those near and dear to us who never will come back, who have given their lives that our way of life might be preserved. Almighty God, in whose hands are the living and the dead, grant to them thy mercy and the light of thy countenance and may they enter into thy eternal rest and peace. We pray still that this war may speedily end, and that there may be peace in our time and in the time of our children. And this we ask in the name of the Prince of Peace. Amen.

Report of the Council on Post War Planning in Hampton,

The Council on Post War Planning in Hampton has the honor herewith to submit its report in the form and at the time agreed upon.

At the Annual Town meeting on March 10, 1945 the voters assembled set up the Council under the following resolution: "To establish a Council on Post War Planning in Hampton for the purpose of gathering data and formulating recommendations for promoting the economic well-being of this town in the Post War period."

This Council to act in cooperation with all local, regional and state organizations in an effort to coordinate all existing plans for the future development of Hampton into one coordinated plan to be presented at the town meeting in 1946 for approval by the citizens of Hampton.

Said report to include recommendations such as the following: Industrial Growth, Veterans Rehabilitation, recreational development, Public Health and welfare, Education and any other phase the Council may wish to recommend.

A number of meetings of the Council were held throughout the year with members of the State Planning and Development Commission and Recreation Commission sitting with us. Several subcommittees were established by the Council to carry out its work and from the individual reports of these subcommittees the accompanying report was built.

At its meeting on February 11, 1946, the Council drew up
 (over)

the bases for this report, which bases were subsequently approved by the Council.

The sudden cessation of hostilities in August brought upon us the realization that the Postwar era was already here and accounts for the fact that the report of the subcommittee on Veterans Rehabilitation was approved by the Council and put into effect.

The further we went into the subject of Postwar Planning, the greater the magnitude and scope of such a study seemed to be. This report is far from being a complete study of the situation and the Council recommends that this report be referred to the permanent planning board of the Town of Hampton for further study and action and that the State Planning and Development Commission be asked to assist in a comprehensive survey.

It is also suggested that this report be made a permanent part of the town records by printing it in the next town report.

It is our understanding that this concludes the work assigned to the Council on Postwar Planning in Hampton.

Veterans Rehabilitation and Public Welfare

Statement of Situation:

As a result of the sudden termination of the war with Japan in mid-August and with the accelerated demobilization of the Armed Forces now under way, that part of this Committee's responsibility bearing on Veterans rehabilitation requires prompt consideration and action.

Conclusions and Recommendations:

The sub-Committee, after an analysis of the readjustment problems of the returning Veterans, and of the services and facilities available through governmental and State agencies, recommends for immediate adoption by the General Committee the following proposal for the establishment of a Community Service for the returning Veterans of the Town:

1. Responsibility to be delegated to qualified volunteers resident in Hampton to advise and or direct to the proper established agencies returning Veterans applying for information or assistance in the matter of:

- A. Employment
- B. Education
- C. Legal Problems
- D. Insurance, Medical and disability benefits,
- E. Housing and Family Service

2. A brief statement of the purpose of the Committee, the name and addresses of its volunteer advisors, and such other information as may be considered necessary or desirable, to be printed or mimeographed for distribution by the local Selective Service Board to returning Veterans reporting out.

3. Responsibility to be delegated to a volunteer publicity agent for publicizing the activities of and services offered by the Committee.

4. Applications to be filed with the Budget Committee of the United War Fund for financial assistance if such is found to be necessary properly to administer this proposed Community Service.

Business and Industrial Development

Statement of Situation:

A survey of the business and industrial situation in Hampton reveals at once that a healthy growth is already in progress and the chief concern of our Town should be that this growth be in the right direction. Care should be exercised to keep out enter prices which prosper through the exploitation of low rents, low wage scales, poor housing, and other evils prevalent in over-populated and over-built cities and towns. The emphasis should be placed on attracting small business requiring skilled labor, natural resources, transportation facilities, equitable taxes and power rates.

The war years have provided a great influx of residents due to our close proximity to the Navy Yard. It is fair to assume that a large percentage of these civilians will desire to remain in Hampton if ample opportunity for employment is available.

Recommendations:

1. A statistical survey of the Town be made to determine latest population figures, employment level, available labor, skilled and unskilled, buying power.

2. Publication of a promotional booklet calling attention to the resources and advantages of Hampton as a residential and small business area. That any advertising of our industrial advantages be cautious and diplomatic, as general and flashy advertising often attracts undesirable industries.

3. That recreation facilities include some industrial advertising, stressing chiefly an exceptional facilities for healthy and beneficial relaxation from labor, and our highly desirable environment in which to work.

4

That an adequate survey of present business establishments be made with a view to revising the present building code ordinances.

5 That the Town consider the advisability of providing ample parking facilities in the Center of Hampton.

Public Works and Housing. Statement of Situation:

A public works survey in Hampton began reasonably enough with consideration of the present sewer system, its future extension, method of sewage disposal and its possibilities of the use of sewage for fertilizer. The Committee was in contact with William E. Stanley, Professor of Sanitary Engineering, Massachusetts Institute of Technology, who furnished many pertinent facts regarding the use of sewage as fertilizer. Further investigation revealed that several large cities in the United States today are receiving considerable revenue from such a process. Professor Stanley also agreed to visit Hampton without charge to the town and inspect the sewage system and dispose with a review of the possibilities of use of sewage for fertilizer and some definite suggestions as to the procedure and engineering studies desirable to develop a plan for the extension of the sewage system.

Regarding the housing situation, a survey indicates at least three new developments for Hampton in the near future with the town facing a period of rapid growth in all sections.

Recommendations

1. That the town of Hampton consider the proposition of utilization of sewage as a fertilizer with a view to securing some revenue out of the sewerage system to help reduce maintenance cost.
2. That the town secure the services of a competent Sanitary Engineer to plan the future extension of the sewerage system.
3. In order that the growth of the town be orderly and to maintain its attractiveness, a zoning ordinance be adopted to protect the present property owners and to include new building.
4. An immediate investigation be made of the lack of proper water supply and pressure in the beach area.
5. That the obsolete sewer lines extending into the ocean that are visible be removed.

Recreational Planning and Development.

Statement of Situation

Hampton has a singularly bright future in the recreation field, but many things must be done before all the benefits possible are attained. There seems to be a widespread lack of understanding as to how much the State of New Hampshire has in mind for Hampton and there is an immediate need for keener appreciation of the problems by the general citizenry. Prompt attention to the future needs for Hampton is of paramount importance.

The recreation industry is a vital part of the economic structure of the town. The growth of the recreation business depends upon the preservation and improvement of our natural assets, the maintenance and improvement of facilities for accommodations, entertainment, sports, and adequate and improved highway and transportation facilities.

The community responsibility is primarily one of providing for the recreational needs of its residents as well as its summer tourists.

During the year members of the State Planning and Development Commission and the Recreation Commission met with us to discuss the State's plans for the future developments of Hampton Beach, which is recognized by them as the largest, single recreation center in New Hampshire. The State of New Hampshire under the acts of the 1941 and 1945 Legislature has appropriated \$225,000 for a beach water to be built from a point near the Ashworth Hotel south to Haverhill Street and a fund of \$800,000 has been set aside for a new bridge and approaches over Hampton river. The Forestry and Recreation Commission under its capital improvement program has a \$225,000 plan for the development of the State reservation at the South end of the beach and have received an appropriation of \$20,000 towards its start. This plan was viewed by the Council and highly approved.

It should be noted here that through the efforts of one of the members of the Council, Rep. Raymond S. Loring, the State Highway Department is surveying a new cut off through the town of Seabrook, which is entirely within the State of New Hampshire, to make a new Southern artery into the beach from U.S. Route 1.

Regarding plans the State has nothing definite in mind for the future of Hampton and any further improvement must be instigated by the town. Here we gather from a letter

received from Thorsten V. Kalijarvi, Executive Director of the State Planning and Development Commission, "Your purpose of combining all existing plans into one unified plan of development in postwar years is highly laudable and the one sure approach to Hampton's problems."

Recommendations:

In order to promote our recreational program to the fullest it is recommended:

1. That the town seek the cooperation of the State Planning and Development Commission in the development of a unified plan for Hampton to include the best features of all existing plans, such as the Manning plan.
2. That immediate consideration be given to the building of an airport at the beach to meet the needs of air minded vacationists.
3. That immediate attention be given to restoring Tuck Field and its facilities to proper condition.
4. Every effort be made to utilize the natural facilities with which our town is particularly blessed and to provide such developments as will increase their usefulness to more people.
5. Every effort be made by community leaders to stimulate programs such as sports contests, fairs, pageants, and celebrations where such programs will require community participation.

REGULATION. All traffic, vehicular or pedestrian, approaching an intersection on a primary or secondary highway on or over which a Traffic Control Signal approved by me as to make, type, and location has been erected, shall proceed as follows:

- (1) When the GREEN LIGHT is illuminated, pedestrians and vehicles facing the signal may proceed straight through or vehicles may turn right or left, unless a sign at such location prohibits either such turn, subject to the safety of those who were in the intersection or on the crosswalks at the time the lens was illuminated, and subject to the exceptional rights of emergency vehicles. Drivers of vehicles making a right or left turn shall yield the right of way to pedestrians crossing, or pedestrians who have started to cross, on the GREEN indication.
- (2) When the YELLOW LIGHT is illuminated alone, any driver of a vehicle approaching the intersection or a marked stop line who can stop with safety before reaching the stop line must do so. Any driver whose vehicle is so close to the intersection that a stop cannot safely be made back of the stop line shall proceed cautiously through the intersection.
- (3) While the RED LIGHT is illuminated operators of all vehicles facing the signal must stop, provided however, that if a green arrow lens is illuminated at the same time, a driver may enter the intersection to make the movement permitted by the arrow, subject to the superior rights of pedestrians and vehicles proceeding on a regular GO indication.
- (4) GREEN ARROW. When a special through, right or left turn green arrow is incorporated in the signal face, vehicles in their proper lanes may proceed or turn in the direction permitted by the arrow when illuminated, subject to the prior rights of pedestrians and vehicles proceeding straight through.

PENALTY.

Any person violating the provisions of such posted regulations shall be fined not more than one hundred dollars, and shall be liable for all damage occasioned thereby.

Article 15. Resolution by John W. Perkins.

Whereas an Act of the State of New York is proposed to construct a toll road, parallel to and approximately two miles west of the present Longfellow Road, and

Whereas competent evidence establishes the fact that a toll road may be very harmful to the economy of the state, to our present and future and to the general communities of this region, and

It being of, and when additional highway facilities are proven necessary, they may be provided without recourse to a toll road, therefore

Be It Resolved by the Citizens of Hampton, in Town meeting assembled, that we voice our serious objection to the legislation contained in House Bill 354, and that copies of this resolution be handed to our representatives in the General Court and to the Chairman of all legislative committees which may conduct hearings on this measure.
Motion: To adopt the resolution.
Was Voted.

Motion: To adjourn the meeting.
Was Voted.

Put of Art. 13, 1947,

John W. Perkins submitted the report for the Planning Board in the absence of Charles E. Greenman who was ill. He stated that the Board last summer as a result of a vote of the last Town Meeting secured the services of Professor Perkins, of Harvard, who is an expert on zoning and planning and that the Board had had various meetings with Professor Perkins and that the zoning ordinance and building code had been drafted. That it was planned to begin to hold hearings about the first of April and that there would be a special Town Meeting in May at which the proposed ordinance would be presented. He said that it was impossible to get it ready in time to present it at this meeting.

On motion duly made and seconded it was voted that the report of the Planning Board be accepted.

TOWN WARRANT FOR 1948

TOWN OF HAMPTON STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hampton, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Hampton on Tuesday, the 9th day of March, 1948, at Ten o'clock in the forenoon to act upon the following subjects:

Article 1. To choose by Australian Ballot one Town Clerk, one Selectman for three years, one Treasurer, one Collector of Taxes, and three Auditors.

Article 2. To choose all other necessary officers for the ensuing year.

Article 3. To raise such sums of money as may be necessary for Town Officers' salaries and expenses, election and registration, municipal court, care and supplies for Town Hall, police department, fire department, moth department, highways and bridges, street lighting, library, town poor, Memorial Day, parks and playgrounds, cemetery, sewer department, sidewalks, comfort station, town notes, Hampton Beach, and all other necessary charges arising within the town.

Article 4. To see if the town will give the Selectmen power to borrow money in anticipation of taxes.

Article 5. To see if the town will authorize the Selectmen to administer, sell or otherwise dispose of any real estate acquired by the town through tax deeds.

Article 6. To see if the town will vote to authorize the Selectmen to take action according to the terms of leases

against certain or all lease owners leasing lands from the town of Hampton who have not paid their ground rent, or taxes or both.

Article 7. To see if the town will vote to raise and appropriate the sum of \$446.39 for State Aid roads, if the State contributes \$1,785.55.

Article 8. To see if the Town will vote to authorize the Selectmen to repair the trunk lines of the sewer at the Beach and to purchase such new equipment as the Selectmen may deem necessary at a total cost not to exceed \$15,000.00 and to vote to borrow said sum of \$15,000.00 and to issue notes of the Town of Hampton in the principal amount not exceeding \$15,000.00 in accordance with Chapter 72 of the Revised Laws of 1942 as amended, payable exclusively from funds to be raised by taxation, interest payable semi-annually, principal payable in two installments \$7,500.00 each year, the first installment to be due one year from the date of said notes, and all matters in connection with said notes to be left to the discretion of the Selectmen.

Article 9. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 for sewer extensions at Hampton Beach.

Article 10. To receive the report of the Sewer Committee and to see if the Town will vote to accept the same.

Article 11. To see if the Town will vote to authorize the construction of a system of sewers for sewerage disposal at a cost not to exceed Two Hundred Thousand Dollars, including a system of sewers, the rebuilding and enlarging of the Town sewerage disposal plant, the acquisition either by purchase or eminent domain proceedings of land or lands necessary for the construction of the sewerage system, and the repayment of the sum of Eight Thousand Two

Hundred and Fifty Dollars advanced by the Federal Works Agency of the U. S. Government for the engineering study; the sewer system, the rebuilding and enlarging of the sewerage disposal plant, etc., to be in accordance with the recommendations contained in the report of the Sewer Committee and to authorize a sewer committee consisting of the Board of Selectmen, Charles E. Greenman, Alton P. Tobey, Ernest R. Underwood and John W. R. Brooks, all of said Hampton, or a majority of the said committee of seven, in connection therewith to determine the extent of the system of sewers, to solicit bids from competent contracting firms, to accept the most advantageous bid or bids, to supervise the construction, to see that the contracts are carried out, to accept the project for the Town, and to take any other necessary or desirable action in connection with such bids, contracts, construction and all other matters in connection therewith.

Article 12. To see if the Town will vote to authorize and instruct the Selectmen to proceed to acquire either by purchase or eminent domain proceedings such land or lands or easements therein as the sewer committee shall deem necessary for the construction of any or all of said sewer system.

Article 13. To see if the Town will vote to borrow a sum not exceeding Two Hundred Thousand Dollars and to issue and sell in connection with such borrowing notes and/or bonds of the Town of Hampton in the principal amount not exceeding Two Hundred Thousand Dollars, such notes and/or bonds to be issued pursuant to Chapter 72 of the Revised Laws of 1942 as amended and in accordance with Chapter 399 of the Laws of 1947, payable exclusively from funds to be raised from taxation, to bear interest at a rate not exceeding four per cent per annum payable semi-annually, maturing during a twenty-nine year period, principal payable in annual installments of Seven Thousand Dol-

lars each year for the first twenty-eight years and Four Thousand Dollars on the twenty-ninth year, the first installment to be payable one year from date of said notes and/or bonds, to be sold for not less than par, the time and place of payment of principal and interest, the fixing of the rate of interest, the provisions for the sale of the notes and/or bonds and all other matters in connection therewith to be left to the discretion of the Selectmen.

Article 14. To see if the Town will vote to increase the sewer entrance fee from Fifty Dollars to One Hundred Dollars and to authorize and instruct the Selectmen to take any action that may be necessary to carry out this vote.

Article 15. To see if the Town will vote to require every owner, agent, or tenant of land on which there is a building having or requiring sewerage facilities and adjoining any street through which any common sewer shall be laid, to enter said common sewer by making a sufficient drain from said building to the street line and to instruct the Selectmen or the Board of Health to carry this article into effect.

Article 16. To receive the report of the Planning Board and to see if the Town will vote to adopt a zoning ordinance for the Town of Hampton, the same having been prepared by said Board in accordance with a vote of the Town and public hearings having been held thereon by said Board, a copy of said proposed zoning ordinance being attached hereto and marked Exhibit A.

Article 17. On petition of Leavitt Magrath and nine other legal voters of the Town of Hampton:

To see if the Town will elect to approve of the inclusion of its officers and employees in the Employees' Retirement System of the State of New Hampshire, which system is provided for by chapter 27-A of the Revised Laws,

as inserted by chapter 183 of the Laws of 1945, and as provided by chapter 201 of the Laws of 1945 and subsequent amendments thereto.

Article 18. On petition of Donald A. Rand and nine other legal voters of the Town of Hampton:

To see if the Town will raise and appropriate the sum of \$200.00 for the purpose of purchasing Christmas lighting fixtures as a part of a Christmas illumination program sponsored by the Hampton Business Men's Association in conjunction with other civic and Church organizations, said decorations to be located along the Lafayette Road in the Hampton Center Business Section.

Report of the Sewerage Committee
Town of Hampton
New Hampshire

The following is a brief report of the work we have done in preparing plans and specifications for the construction of sewers and a sewerage treatment plant for the extension of the sewerage system to the main part of the town.

We engaged the engineering firm of Burns and Kenerson, Inc. on July 2, 1947 to make the surveys, studies, and other investigations necessary to complete the plans and specifications for the construction of this sewer extension.

Application was made to the Federal Works Agency of the Bureau of Community Facilities for \$8250 to pay for this survey. The application was accepted and the money was allotted to the town of Hampton.

The sewerage system prepared for the Village section includes all sections for the Village where sewers can be constructed and flow by gravity to the sewerage treatment plant area through an intercepting sewer starting near Park Avenue and Landing Road.

The approximate cost for the above work is estimated as follows:

Construction of Sewers at Hampton Village	\$114,000
Construction of Treatment Plant	86,000
Total	\$200,000

Motion: by welfare committee - as follows.
 In keeping with the growth, tendency and expansion of Hampton
 brought forward in the recent school district meeting, and in
 view of the fact that it would be more fitting to provide an opportunity
 for more of the aged & infirm of said Hampton, most of whom
 have Saturdays & evenings off from work, the privilege to
 voice an opinion in the spending and operating of the town
 affairs, I make a motion that the selectmen be empowered
 to take the necessary steps and in vestigate the possibilities
 of holding future town meetings on Saturday or in the evening,
 also, if in their opinion the Town Hall is not deemed
 large enough, the High School Auditorium or some
 other suitable location be considered.

- Art 23. Motion: To have Selectmen look into the buying of
 the Hampton Water Works Co. and report at next
 annual Town meeting.

Motion: To adjourn this meeting.

O God, our help in age past, our hope for years to come, we pause
 a moment that we may become anxious of thy presence, Thou art the Lord
 of our lives and the Master of our destinies. Without thee we can do
 nothing. Thou hast been with us in the past war and peace, in storm
 and calm, in prosperity and adversity, and we ask thee to
 lead us on. We pray thee for this town wherein we dwell and
 which is so dear to all our hearts, we ask thy blessing upon
 its schools, its churches, its organizations, upon its homes
 and its industries, May its future frame remain unshaken.
 We pray for thy blessings and guidance as we meet here this
 morning to consider the welfare of our beloved community. Grant
 unto us wisdom, courtesy, unselfishness. May there be a
 wise economy in things that are unnecessary and generous app
 ropriations for things we really need, May we consider each
 article judiciously, as if our own business were involved, and
 then vote intelligently for the best interest of all. We pray thee
 for those ^{into whose} hands we are to entrust the responsibilities of
 government. That they may faithfully administer
 the offices to which they are elected. May peace
 and prosperity be with us in that year that is to come
 Amen.

PRELIMINARY REPORT
OF THE PLANNING BOARD
ON A PROPOSED ZONING ORDINANCE

PRELIMINARY REPORT
OF THE PLANNING BOARD

For The

TOWN OF HAMPTON, NEW HAMPSHIRE

In order to preserve and improve the attractiveness of the Town of Hampton as a resort community and to continue its desirability as a place in which to live and do business, in order to safeguard the health, welfare, morals, convenience and safety of its citizens and recreational guests and to provide for an orderly growth in the future, the Town of Hampton in pursuance of authority conferred by Chapters 51 and 53 of the Revised Laws of New Hampshire, 1942, or any amendments thereto, hereby adopts the following ordinance:

ARTICLE I

Administration and Enforcement

Section 1. Any person before commencing work on the erection or alteration of any building or structure must first obtain a permit duly granted for such a purpose by the public official authorized by the Board of Selectmen to issue such permits. No permits shall be issued when the alteration or construction or change in use would be in violation of any of the provisions of this ordinance nor before a plan is filed which conforms to the regulations of this ordinance or to any amendments thereto. In the event of the damage or destruction by fire, storm or Act of God of any building not conforming to the regulations of this ordinance, said building may be rebuilt for its former non-conforming use provided such construction is started within a year of its damage or destruction and if completed within two years; the new structure shall, however, conform to the Area and Height Regulations of Article IV of this ordinance and to the Building Provisions of Article V.

Section 2. Any person violating any of the provisions of this ordinance shall be subject to a fine not exceeding \$20 for each violation. Each day that any violation is allowed to continue constitutes a separate offense. The Board of Selectmen may institute in the name of the Town any appropriate action or proceedings to prevent, restrain, correct or abate violations of this ordinance.

Section 3. The Selectmen shall appoint a Board of Adjustment conforming in membership and duties to the provision of Chapter 51, Sections 56-71, inclusive, of the Revised Laws of New Hampshire, 1942, or any amendments thereto.

-2-

In addition to the general powers granted said Board by said Chapter 51 or any amendments thereto, it may:

1. Permit the erection of additional buildings or enlargement or alteration of existing buildings on the same or an adjacent parcel of land for a trade, business, or other use prohibited in such district.

2. Permit variances from the specific terms of this ordinance where it can be shown that the specific terms would result in unnecessary hardship, but such variances shall be in harmony with its general purpose and intent.

3. In cases where the district boundaries divide present lots or properties so that a part is in one district and a part is in another, the Board may permit such lot or property to be used for the purposes defined in the less restricted district.

Section 4. This ordinance and the boundaries of districts shown on the Zoning Map may be amended at any annual town meeting in accordance with the provisions of the State Zoning enabling Act, Chapter 51 of the Revised Laws, 1942, or any amendments thereto.

ARTICLE II

Districts

For the purposes outlined above four Districts are established, namely, Residence A, Residence B, Business, and General. The Town is hereby divided into these districts as shown on the Zoning Map dated February 2, 1948, and filed with the Town Clerk of said Hampton, and as further described in "Appendix A" attached hereto and made a part hereof. All names of Boulevards, Streets and Roads mentioned herein are as appear on the Zoning Map.

ARTICLE III

USE REGULATIONS

Section 1. Residence A. Districts. In Residence A districts no building or land shall be used for any purpose except one or more of the following:

1. Single or two-family residences, including other purposes accessory to their use as residences, by the owner or tenant, such as offices for doctors, engineers, architects, lawyers, or others, where the number of persons employed on the premises, besides the owner, shall not be more than two, and private garages. The letting of rooms to five or less lodgers, tourists, or boarders shall be considered accessory use.

Exhibit A

-3-

2. Farm buildings necessary to the operation of a farm, including roadside stands for the sale of farm produce.
3. Churches, schools, libraries.

Section 2. Residence B Districts. In Residence B districts no building or land shall be used for any purpose except one or more of the following:

1. Any use permitted in a Residence A district.
2. Lodging houses where lodgings are let to more than five persons.
3. Apartment houses, tourist cabins, and hotels, including retail business conducted only for the convenience of the residents of the building.

Section 3. Business Districts. In Business districts no building or land shall be used for any purpose except one or more of the following:

1. Any use permitted in a Residence B district.
2. Shops, restaurants, and warehouses.
3. Garages, parking lots, and filling stations.
4. Offices, banks.
5. Theaters, halls, clubs.

In a Business district all manufacturing, except that clearly incidental to the business lawfully conducted on the premises, is specifically prohibited.

Section 4. General District. In the General district no building or land shall be used for any purpose except one or more of the following:

1. Any use permitted in a Business district.
2. Light manufacturing, machine shops.
3. Coal, coke, wood, and building materials yards.
4. Such other uses which are not obnoxious or offensive by reason of the emission of smoke, dust, gas, noise, or odor; but the following uses are specifically excluded from all districts: junk yards, dumps, storage of abandoned automobiles, trailer, or trailer camps, race tracks, roller-skating rinks, roller coasters, 'the whip', merry-go-rounds, and/or any other similar commercial amusements."

Section 3. The Selectmen shall appoint a Board of Adjustment conforming in membership and duties to the provision of Chapter 51, Sections 56-71, inclusive, of the Revised Laws of New Hampshire, 1942, or any amendments thereto.

ARTICLE IV

Area and Height Regulations

Section 1. Residence A Districts. In Residence A districts the maximum height of any structure shall not exceed three stories or 40 feet in height, nor shall any residential structure contain less than 400 square feet per family.

Section 2. Residence B Districts. In Residence B districts the maximum height of any structure shall not exceed four stories or 50 feet in height.

Section 3. No structure in either Residence A or B districts shall be placed closer than 7 feet to the nearest lot line or to any other building on the same lot, and in no case closer than 10 feet from the street frontage or frontages. Steps or ground level terraces shall not be considered a part of the structure for the purpose of this section, but all porches, piazzas and other similar elements shall be considered a part of the structure.

ARTICLE V

Construction Provisions

Section 1. Construction. No building shall be erected or altered for any purpose which does not conform to safe standards as herein after defined.

Section 2. Roof Coverings. No roof of any building in the Residence A, B, and Business districts shall be covered or re-covered in whole or in part except with non-combustible or fire-resisting roofing materials.

Section 3. Firestops. No building of wood or other combustible material shall be erected, altered, remodeled or enlarged without providing firestops in every combustible wall or partition, at every floor and between floor joists at every partition, of the new construction.

Section 4. Chimney Construction. No chimney shall be built, erected, or altered below the roof unless containing a tile or brick lining and with an iron clean-out door at or near its base, and where enclosed by woodwork or other combustible material shall be no closer than one inch to the chimney, and no chimney shall have its base resting upon any floor or beam of combustible material.

Section 5. Smoke Pipes. No smoke pipe shall be installed or erected, so as to be within twelve inches of any combustible floor or ceiling, unless amply protected with non-combustible material. No smoke pipe shall be installed or erected which passes into or through partitions or walls of combustible material, except when guarded by a double collar of metal with air space of at least five inches, or at least five inches of brick or other non-combustible material between the pipe and the combustible material.

Exhibit A

ARTICLE VI

Permits and Inspection

Section 1. No person shall undertake any construction or alteration in connection with any of the provisions of Article V until a written permit for such construction or alteration has been secured from the Building Inspector. A permit shall not be required in the case of repairs unless such repairs include alteration or new construction.

The Building Inspector before issuing the permit may require a plan of the proposed work. He shall inspect all buildings or structures during construction or alteration to see that the provisions of this ordinance are complied with, and whenever in his opinion the provisions of this ordinance are not complied with, he shall order such work in violation to be stopped until the violation has been remedied and shall forthwith report such violations to the Selectmen for appropriate action.

Section 2. The Building Inspector at the time of the issuing of a permit by him shall collect from the applicant a fee based on the following scale:

\$2 per \$1000 based on a fair estimate of the total cost of construction or alteration but in no case shall the fee be less than \$2. In any case where in the opinion of the Building Inspector the total cost of the alteration or new construction shall amount to less than \$100 the Building Inspector may waive the inspection and the fee.

The Building Inspector for his services shall be entitled to one-half of the fee collected and the remaining one-half shall be paid by him to the Town each month.

Section 3. A Building Inspector shall be appointed annually by the Selectmen, and in the event of the disability, absence, or disqualification of the Building Inspector, the Selectmen shall appoint an Inspector to act in his stead.

ARTICLE VII.

Validity

If any section or part of section or paragraph of this Ordinance is declared invalid or unconstitutional, it shall not be held to invalidate or impair the validity, force or effect of any other section or sections or part of a section or paragraph of this Ordinance.

ARTICLE VIII

Effective

Section 1. This ordinance shall take effect upon its passage.

Section 3. The Selectmen shall appoint a Board of Adjustment conforming in membership and duties to the provision of Chapter 51, Sections 56-71, inclusive, of the Revised Laws of New Hampshire, 1942, or any amendments thereto.

TOWN WARRANT FOR 1949

**TOWN OF HAMPTON
STATE OF NEW HAMPSHIRE**

To the inhabitants of the Town of Hampton, in the County of Rockingham, in said State, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Hampton on Tuesday, the 8th day of March, 1949, at Ten o'clock in the forenoon to act upon the following subjects:

Article 1. To choose by Australian Ballot one Town Clerk, one Selectman for three years, one Treasurer, one Collector of Taxes, and three Auditors.

Article 2. To chose all other necessary officers for the ensuing year.

Article 3. To raise such sums of money as may be necessary for Town Officers' salaries and expenses, election and registration, municipal court, care and supplies for Town Hall, police department, fire department, moth department, highways and bridges, street lighting, library, town poor, Memorial Day, parks and playgrounds, cemetery, sewer department, sidewalks, comfort station, town notes, Hampton Beach, and all other necessary charges arising within the town.

Article 4. To see if the town will give the Selectmen power to borrow money in anticipation of taxes.

Article 5. To see if the town will authorize the Selectmen to administer, sell or otherwise dispose of any real estate acquired by the town through tax deeds.

Article 6. To see if the town will vote to authorize the Selectmen to take action according to the terms of leases against certain or all lease owners leasing lands from the town of Hampton who have not paid their ground rent, or taxes or both.

Article 7. To see if the town will vote to raise and appropriate the sum of \$446.39 for State Aid roads, if the State contributes \$1,785.55.

Article 8. To see if the town will vote to adopt a zoning ordinance for the Town of Hampton, the same having been prepared by the Planning Board in accordance with a vote of the town, a copy of said proposed zoning ordinance being attached hereto and marked Exhibit A.

(This question appears on the Australian Ballot)

Article 9. To see if the town will vote to raise and appropriate the sum of \$1,000. for the purchase of new fire hose for the fire department.

Article 10. To receive the report of the Sewer Committee and to see if the town will vote to accept the same and authorize the Sewer Committee to continue in office.

Article 11. On petition of Alton P. Tobey and nine other legal voters to see if the town will vote to raise and appropriate the sum of \$500. to begin a Christmas lighting project for the business section of the town under the supervision of a committee consisting of Mr. Harold Winchester, Mrs. Ruth Perkins and Mrs. Gertrude Lougee.

Article 12. On petition of Victor A. Boggett, Jr., and ten other legal voters to see if the town will vote to accept a deed from Douglass E. Hunter of a certain tract of land to be used as a public way, said tract being feet wide and commonly known as ANN'S TERRACE and extending southerly from Ann's Lane 600 feet.

— 56 —

Article 13. To see if the town will vote to raise and appropriate for economic advancement of the town through publicity and promotional services of the Seacoast Regional Development Association, in co-operation with other regional communities, a sum not exceeding one one-hundredth of one percent of assessed valuation, namely \$766.00.

Article 14. On petition of Charles E. Filley and fourteen other legal voters to see if the town will vote to appropriate enough money to place a fire hydrant on Hobbs Road to be located half way between High Street and Mace Road.

Article 15. On petition of Wier L. Rowell and fifteen other legal voters to see if the town will vote to raise and appropriate the sum of \$500. for the extension of the concrete sidewalk on the north side of Winnicunnett Road, easterly from the termination of the present sidewalk in front of the estate formerly of Lamprey, now of Weeks.

Article 16. On petition of Charles E. Filley and sixteen other legal voters to see if the town will vote to appropriate enough money to finish and tar Hobbs Road.

Article 17. Upon petition of Myron J. Norton and nine other legal voters of the town of Hampton, to see if the town will vote to accept Norton Road, so called, in said town of Hampton.

Article 18. To see if the town will vote to raise and appropriate the sum of \$3,500. for the purchase of a compressor for the Sewer Department.

Article 19. To transact any other business that may legally come before said meeting.

A PRAYER FOR TOWN MEETING 1949

Almighty God, Creator and Ruler of the universe; We thank thee for our beloved country, and especially for this little bit of it that we call our home. We are grateful for its beautiful expanse of ocean; for its schools and churches; its well-kept streets and fine homes; its varied and useful public services of health and protection. And above all we thank thee for its free citizenship.

Here we are at liberty to think, and speak, and act within the bounds of our constitutional and human rights. May we cherish and defend, as we do our lives, this demonstration of free government - The New England Town Meeting.

We invoke thy blessing upon all the citizens of Hampton. Grant unto us in this Annual Town Meeting the spirit of wisdom, honest and unselfish purpose. May those whom we choose for office regard themselves, not as our masters, but as servants of a public trust; and their office as a privilege of service and not a place of power or profit.

As citizens and voters help us to be more eager to use and administer wisely and justly, rather than spend and squander other peoples' money.

Spare us we pray thee from the intolerance and bitterness of minorities and from the complacency and arrogance of majorities. May we rather seek ways of co-operative action that shall serve best the interest of our whole community and of all the people.

Thus shall we honor the "Founding Fathers" and insure a goodly heritage for those to whom the future of our town belongs.

In the Name of Christ, AMEN

"Proposal for the alteration of the Ocean Boulevard"
 Town of Seabrook and Towns of Seabrook and/or Hampton

To His Excellency the Governor
 and the Honorable Council:

In accordance with part 7, Section 2, Chapter 90 of the Revised
 Laws, as inserted by Chapter 188 of the Laws of 1945, I, Frank D. Merrill, High-
 way Commissioner, propose an alteration of the Ocean Boulevard in the Town of
 Seabrook and in the Town of Seabrook or the Town of Hampton as may be determined
 by law, at the location given below:

Beginning at the center of the travelled way of
 the southerly end of the recently completed bridge structure
 over the Hampton River; and running thence southerly with the
 present Ocean Boulevard about one-half mile to a point near
 the northerly side of River Street in the Town of Seabrook.

Therefore, in accordance with Part 7, Section 2 of Chapter 90 of
 the Revised Laws as inserted by Chapter 188 of the Laws of 1945, I, Frank D.
 Merrill, Highway Commissioner, propose that such alterations be made so that
 all, or a major part of the section of the Ocean Boulevard described above be
 made a limited access highway.

Dated at Concord, N. H. this
 25th day of April, 1950.

(Sg'd.) Frank D. Merrill
 Commissioner.

The Governor and Council, assembled in executive session on April
 27, 1950, received the proposal of Frank D. Merrill, Highway Commissioner, for
 the alteration of the Ocean Boulevard in the Town of Seabrook and Towns of Sea-
 brook and/or Hampton.

A hearing on this matter will be held in the Executive Council
 Chambers, Concord, New Hampshire, on May 17, 1950, at twelve o'clock noon,
 Eastern Daylight Time.

Ernest A. Sullivan
 Secretary of State.

The Warrant for the meeting was then read by the Moderator, after which the meeting was opened under

Art. 1. The report of the Building Committee was then given by its Chairman George H. Sumner, after which a Motion: by Ernest Underwood and duly seconded that we accept the report of the Building Committee. This was Voted.

Art. 2. George H. Sumner gave a report on the effort on the tax side if the Town Hall was built with expenditures

Mr Sumner was then questioned by Ernest Underwood at some length, - after which Mr. Walker gave a talk in opposition to building a new Hall he was opposed to spending 250,000. Others were opposed because the town already has buildings now. Others were opposed because of the high cost of materials. Others because it would require a tax raise at 8 to 4000 per year. Others were opposed to tearing down present building. Mr Underwood spoke in regard to cost of material. John Aldrich said we should use money for schools first. Wesley Cunningham spoke in regard to the argument school.

James W. Tucker Jr. then made a Motion: that we object to this article 2 and to postpone indefinitely. This motion was duly seconded. This was Voted.

Art. 3. Edward J. Seaver Jr. spoke in regard to the 105,000 building, after which he made a Motion: to indefinitely postpone. After several spoke, Harold Noyes, Wesley Cunningham the motion being duly seconded. This was Voted.

Gentlemen:

At the last annual District meeting it was voted to construct a salt water fire protection system and an application has been made to the Public Service Commission for authority to do this. This has been consented to by the Hampton Water Works Company in a letter dated July 20, 1949, and written to the Public Service Commission, a copy of which letter is enclosed herewith.

We are enclosing herewith a copy of the petition to the Public Service Commission which sets forth what the District plans to do. We, therefore, request permission from the Town of Hampton to install the system as outlined in the enclosed petition.

Gentlemen:

At the request of John W. THE STATE OF NEW HAMPSHIRE

Rockingham, SS.

Public Service Commission
of New HampshirePetition for Authority to Construct a Salt Water Fire System

Now comes the Hampton Beach Village District, a village district duly organized under the Laws of the State of New Hampshire, and existing in the Town of Hampton, in the County of Rockingham, and the State of New Hampshire, and says:

1. That at the last annual meeting of the District, duly held on the 29th day of March, 1949, it was voted:

"To authorize the construction of a Salt Water Fire Protection System of such type as approved by the New Hampshire Board of Fire Underwriters, and in accordance with an engineering survey made for the District; at a cost not to exceed Sixty Thousand Dollars; to authorize the District Commissioners to solicit bids from competent contracting firms, to accept the most advantageous bid or bids, to supervise the construction, to see that the contracts are carried out, to accept the project for the District, and to take any other necessary or desirable action in connection with such bids, contracts, construction and all other matters in connection therewith."

2. That the District has made engineering studies and is now ready to proceed with the construction of the system.

3. That this system is a Salt Water System solely for fire protection and is intended to be an additional system.

4. That the system will consist in general of a pumping station located at Hampton River with an intake in the River and a line of pipe running up Marsh Avenue to Island Path and possibly crossing over to Mudd Avenue or Highland Avenue or both and with laterals running up some of the side streets between Marsh Avenue and the Ocean Boulevard.

5. That the construction of said system is very essential in order to provide for additional fire protection at Hampton Beach.

6. That the Hampton Water Works Company, the public utility which furnishes water in the above described area, has been appraised of the District's plan and have stated that they have

no objection thereto provided that none of the present fire hydrants of the Water Company will be discontinued; that the revenues to the Water Company from public fire hydrants will not be reduced because of this system; that the new construction will not interfere with the existing facilities of the Water Company and the Water Company will be put to no expense as a result of the new construction.

Wherefore, the Hampton Beach Village District prays that an order may be made permitting the construction of the proposed system in accordance with such rules and regulations as the Commission may provide.

Tax Collector and Town Clerk - William Brown

You are hereby notified that two cottages on Lot #234 on Plan of Pines Lots made in February 1919 by William A. Grover, C.E., named Little View Front and Little View Rear situate on Concord Avenue at Hampton Beach, in the town of Hampton, New Hampshire are owned by one Catherine M. Boissoneau of Leominster, Massachusetts according to the records of the town of Hampton of date of July 10, 1948, recorded in book 7 page 323 and should be taxed to the said Catherine M. Boissoneau.

Demand is hereby made upon you to present to the said Catherine M. Boissoneau the amount of taxes on said two cottages for 1949 and also for 1948 in order that she may pay the same, which she proposes to do on this 23rd day of September, 1949 by appearing in person before you and delivering this letter to you and tendering to you the full amount of all taxes on said cottages with accrued interest.

This is to further notify you that Catherine M. Boissoneau claims that Frank W. Knowles and/or Cora M. Knowles have no right, title or interest in the said two cottages and no right to pay or offer to pay any taxes on said cottages and also that the officials of the town of Hampton have no right to accept any money for taxes on said cottages from the said Frank W. Knowles and/or Cora M. Knowles.

The said Catherine M. Boissoneau stands ready to pay any and all taxes and interest that may be due on said cottages.

Said Catherine M. Boissoneau claims that her sister Mary J. White, now deceased, and her estate hold the right to a certain lease for twenty years on said Lot #234 which said lease runs and does not expire until April 1, 1954 and that the said Frank W. Knowles and Cora M. Knowles wrongfully obtained a lease on said Lot #234 for six years running from April 1, 1948 to April 1, 1954. The said Catherine M. Boissoneau therefore demands herewith the amount of rent due the town of Hampton on said lease in order that she may pay the same, together with any interest that may be due.

Dated at Hampton, N. H. this 23rd day of September, 1949.

FINDINGS AND DECISION OF BOARD

The petition of Hartford K. Roberts, 157 Winnecunnett Road, for an exception to the Zoning Ordinance to permit the conversion of a work shop on the above mentioned premises to a fried fish and chip shop (English style) was heard before the chairman and two other members of the Board constituting a quorum, after statutory notice, duly published, and notice by registered mail to all interested parties resident in the immediate area affected.

Appearances were entered and testimony given under oath by:

Mr. Hartford K. Roberts, the petitioner
Mrs. Hartford K. Roberts
Mrs. Lavinia Lakin
Mr. Ayler Lakin
Mr. Carl Bragg
Dr. Charles B. Bailey
Miss Anna M. Cole
Rev. Floyd Ainsley
Mrs. Minerva A. Budd
Mr. Douglas D. Hunter

Under the provisions of Chapter 51, Section 62-II of the revised laws of New Hampshire of 1942, the petitioner is seeking an exception to the zoning ordinance of the Town of Hampton adopted March 8, 1949, under Article I, Section 3, Sub-section 1, which, supplementing the general powers granted under Chapter 51 or any amendments thereto, authorizes this Board to

"permit the erection of additional buildings or enlargement or alteration of existing buildings on the same or an adjacent parcel of land for a trade, business, or other use prohibited in such district."

The property of the petitioner at 157 Winnecunnett Road is located in an area zoned under the Ordinance of March 8, 1949 as a Residence A District which is defined in the Ordinance as follows:

"In residence A. districts no building or land shall be used for any purpose except one or more of the following:

1. Single or two-family residences, including other purposes accessory to their use as residences, by the owner or tenant, such as offices for doctors, engineers, architects, lawyers, or others, where the number of persons employed on the premises, besides the owner, shall not be more than two, and private garages. The letting of rooms to five or less lodgers, tourists, or boarders shall be considered accessory use.
2. Farm buildings necessary to the operation of a farm, including roadside stands for the sale of farm produce.
3. Churches, schools, libraries."

FINDINGS

On the basis of the testimony under oath of the petitioner and of the several other parties in interest appearing before the Board at the public hearing on July 29, the Board has made the following findings: -

1. That the shop on the premises of the petitioner had been used by a previous owner over a long period of years prior to 1945 as a harness shop; that because of the failing health of said previous owner and lack of business the active operation of the shop was discontinued in 1945.
2. That at the time of the purchase of this property by the petitioner in 1947 the shop was not being used for business purposes.
3. That the petitioner and his wife had planned to open such a shop from the time they purchased the property in 1947 and that it had taken approximately two years to clean up the premises to get them in shape to start the proposed business.

(5)

16. That in an equitable determination of such a matter as now at hearing

(3)

4. That the petitioner, after cleaning up the premises, has used the shop as a work shop and in his spare time has made counters for stores and individuals on custom order and has fabricated from wood other items as a sideline to his regular occupation as a carpenter, and that in fact he was making such use of the said shop on March 8, 1949, when the Zoning Ordinance was adopted by the Town of Hampton.

5. That the petitioner proposes to operate with his wife a fish and chip shop (English style) on the premises and to this end is seeking approval of an exception to the provisions of the ordinance to permit the conversion of the work shop and garage to a shop for the processing and sale of fried fish and chips.

6. That according to the statement of the petitioner and his wife that in the "English style" preparation of fish and chips the fish is fried in deep batter with French fries; that the business is to be conducted entirely within the shop as in the case of any other store or restaurant.

7. That the shop will be operated "summer and winter like any ordinary store and will have a good front plate glass window and good front door"; that there will be no serving through the window and that so far as can be controlled by the owner, the products will not be consumed on the premises outside the shop.

8. That the hours of operation have not been determined but may include service to patrons after the night show in the local moving picture theatre.

9. That the petitioner plans to continue on his regular job and depend upon his wife for operation of the shop during the hours of his regular occupation.

10. That the planned ventilating system will be a forced vent to carry

cooking odors out through the chimney which is already available within the shop.

11. That the residential area in which the premises are located had at the time of the adoption of the ordinance and presently has other non conforming uses.
12. That the objection voiced by abutting land owners and other interested parties in the immediate area were based with about equal weight on the fact that it would be a commercial business and that the processing of the fish and chips would be offensive to those resident in the immediate vicinity.
13. That while at the time of the adoption of the ordinance the use of the shop as a wood working shop constituted a non conforming use, the proposed business would represent a complete change in the non conforming use and one of questionable desirability in a residential area.
14. That while it is within the discretion of this Board to approve an exception under the provision of Article I, Section 3, Sub-section 1, of the ordinance, approval of the exception requested would contravene both the letter and the spirit of Chapter 51, Section 52, of the Revised Laws of New Hampshire, 1942, and specifically that part of the Section providing that "a regulation made under this sub-division shall not apply to existing structures nor to the existing use of any building, but it shall apply to any alteration of a building for use for a purpose or in a manner substantially different from the use to which it was put before alteration."
15. That under Chapter 51, Section 56, of the Revised Laws of New Hampshire, 1942, the discretion of the board is further restricted in the granting of special exceptions to appropriate cases subject to appropriate conditions and safeguards, which exceptions are considered to be in harmony with the general purpose and intent of the ordinance.

(5)

16. That in an equitable determination of such a matter as now at hearing before this board there must be a balancing of the considerations involved in the general public interests of the community and the interests of the individual; that under the attendant circumstances the public interest and the spirit of the ordinance must be of controlling importance.
17. That the granting of a special exception in this case for a non conforming use not in existence at the time of the adoption of the ordinance and representing a radical change in the non conforming use of the premises would be detrimental and offensive to the immediate neighborhood and contrary to the public interests of the community at large, and would nullify the legitimate and inherent purpose of the ordinance designed to "preserve and improve the attractiveness of the Town of Hampton as a resort community and to continue its desirability as a place in which to live and do business, in order to safeguard the health, welfare, morals, convenience and safety of its citizens and recreational guests and to provide for an orderly growth in the future."

DECISION

In accordance with the unanimous vote of the full membership of the Board in executive session at a special meeting on Tuesday, August 9, 1949, after full consideration of the testimony of the petitioner and all other interested parties appearing at the public hearing before the Board on July 29, 1949, as recorded in a complete stenographic record of the hearing, --

It is herewith ordered and decreed that the petition of Hartford K. Roberts for a special exception to the provisions of the Zoning Ordinance be DENIED.

ZONING BOARD OF ADJUSTMENT

IN re PETITION OF DAISY SEAVEY

FINDINGS AND DECISION OF BOARD

The petition of Daisy Seavey, North Hampton, for a variance of the Zoning Ordinance to permit the use of the premises to be purchased by the petitioner at 46 Exeter Road as a home for aged ladies was heard before the chairman and three other members of the Board after statutory notice duly published and notice by registered mail to all interested parties resident in the immediate area affected. Appearance was entered and testimony given under oath by Mrs. Daisy Seavey, the petitioner, who is seeking approval of a variance of the Zoning Ordinance of the Town of Hampton adopted on March 8, 1949 under Article I, Section 3, Subsection 2 of said Ordinance which, supplementing the general powers granted under Chapter 51 or any amendments thereto of the revised laws of New Hampshire, 1942, empowers the Board to:

"Permit variances from the specific terms of this ordinance where it can be shown that the specific terms would result in unnecessary hardship, but such variances shall be in harmony with its general purpose and intent."

The property at 46 Exeter Road in which the petitioner is interested for purchase to be operated as a home for aged ladies or a convalescent home is located in an area zoned under the ordinance of March 8, 1949 as a Residence A district, which is defined in the Ordinance as follows:

"Section 1. Residence A. Districts. In Residence A districts no building or land shall be used for any purpose except one or more of the following:

1. Single or two-family residences, including other purposes accessory to their use as residences, by the owner or tenant, such as offices for doctors, engineers, architects, lawyers, or others, where the number of persons employed on the premises, besides the owner, shall not be more than two, and private garages. The letting of rooms to five or less lodgers, tourists, or boarders shall be considered accessory use.
2. Farm buildings necessary to the operation of a farm, including roadside stands for the sale of farm produce.
3. Churches, schools, libraries."

FINDINGS

On the basis of the testimony under oath of the petitioner appearing before the Board at the public hearing on September 23, the Board has made the following findings: --

1. That the petitioner, presently operating a convalescent home in North Hampton, has sold the property for transfer in October, 1949 and is interested in the purchase of the property at 46 Exeter Road providing the premises may be used for the purpose set forth in the petition.
2. That although it was set forth in the petition filed with the Board and in the statutory publication of notice that it was the intent of the petitioner to make use of the premises as a home for aged ladies, the petitioner, in her testimony before the Board did in fact amend her petition to request approval for the use of said premises as a convalescent home for both sexes to the number of eight to ten persons.
3. That the said property at 46 Exeter Road is presently occupied by the owner as a private residence and that in the past, from time to time, single rooms have been rented to transient roomers to a maximum of three.
4. That while consideration should be given to the fact that no objection was filed with the Board by abutting property owners or other interested parties to the use of the premises as a home for aged ladies, as set forth in the petition, and that the few in attendance at the hearing voiced no objection to the amended petition for use of the premises as a convalescent home, the lack of such

(4)

(2)

(3)

objection is not a controlling factor in a case involving a variance from a fundamental restriction of a residence A zoning, namely the limitation of the number of lodgers, tourists, or boarders to five or less.

5. That while the Board has discretionary authority to approve a variance under the provision of Article I, Section 3, Subsection 2 of the Ordinance, approval of the variance requested would nullify both the spirit and effect of Article III, Section 1, Subsection 1 of the Ordinance covering the use regulations of residence A districts, and particularly that part of the Section restricting the letting of rooms to a maximum of five persons.
6. That in the weighing of the personal interest of the petitioner as against the public interest of the community it is the responsibility of the Board to protect the public interest by the enforcement of fundamental and standard zoning restrictions except as such enforcement may result in hardship to the individual that is either unreasonable under the circumstances or unnecessary to preserve the intended objective of the Zoning Ordinance.
7. That in the present case, wherein the petitioner does not own the property in question but is merely a prospective purchaser, conditional upon the permitted use of the premises, the hardship, if any, that might result from a denial of the petition, would appear to fall more heavily on the present owner in the loss of a potential sale of the property than on the petitioner.
8. That if a denial of the petition would in fact result in hardship of any degree on the petitioner, such hardship would not be unreasonable under the circumstances and, more important, such hardship would be justified to protect the public interest of the community at large and to preserve the legitimate and inherent purpose and intent of the Zoning Ordinance.

DECISION

In accordance with the unanimous vote of four members of the Board in attendance at a special executive session on Friday, September 30, after full

(4)

consideration of the testimony of the petitioner at the public hearing before the Board on September 23, 1949, as recorded in a complete stenographic record of the hearing:--

Result of Town Meeting Mar 14, 1950.

The meeting was called to order at 10 o'clock in the forenoon by the Moderator John W. R. Brooks. The warrant was then read by Moderator of which Prayer was offered by Rev. Floyd E. Kinsey.

Etternal God, from whose cometh every good and perfect gift, and who pourest out on all who desire it thy spirit of grace; Grant that we may never become complacent in this fair community where it is our privilege to live. Keep us ever mindful of the heritage of beauty, cleanliness, neighborliness, freedom and democracy which is ours, but never unmindful that for a large portion of mankind these blessings, and others, are unknown. Help us to conduct our affairs individually and as a community that over the blessings which are ours may be made real for an ever increasing number of thy people wherever the sun doth its successive journeys run. We give thee praise for the opportunity which is ours this day to meet together to deliberate in an orderly and friendly manner that the business of our community may be done more readily. Give us patience, Courtesy & Charitableness that in all the events of this day we may so conduct ourselves that thy spirit may dwell within us. Grant us to those whom we shall choose to conduct the affairs of our community a never failing purpose that truth, justice and right shall ever be the standard by which they shall act, and to us all ever the consciousness that whatever we do is done in thy presence and through thy power, and this we pray in the name of Christ, Amen.

Art. 9. Report of Sewer Committee was given by Gust Underwood, after which an explanation of sewer project was given by John W. Bullock, which was.

Your Committee, at the annual Town Meeting held March 8, 1948, recommended the building of the sewer and the rebuilding and enlarging of the sewerage disposal plant according to the plans submitted by Burns & Kenerson. As you know, we have not been able to construct the system because the bids have exceeded the money appropriated.

We have been in contact with Mr. Haley of the firm of Haley and Ward, Mr. Haley is an engineer who worked on the original treatment works at the time it was installed by Mr. Bullock. It now appears that by remodeling and enlarging the present treatment works rather than rebuilding the same as originally planned that a considerable saving can be effected. We have been assured that this method will meet with the approval of the State Board of Health.

Your Committee recommends that it be authorized to engage the firm of Haley and Ward or any other competent firm of engineers and that your committee be authorized to have the plans redrawn to remodel and enlarge the present treatment works rather than to rebuild them, all to be subject to the approval of the State Board of Health. In connection with this, no changes are contemplated in the area to be served by the sewerage system, although, of course, savings may be effected by installation methods.

RESOLUTION

WHEREAS the State of New Hampshire, heretofore, has shared equally with
the Federal Government in the cost of an erosion survey, covering the
main Beach at Hampton, and

WHEREAS, the Federal Government has recently authorized a continuation
of said survey and appropriated the money necessary to cover its share
of the current cost, and

WHEREAS, the severely eroded condition of the main Beach indicates the
great need of an immediate survey to determine the type of remedy that
should be applied to stop said erosion:

THEREFORE, BE IT RESOLVED by the voters of Hampton, New Hampshire in
Town Meeting assembled on March 14, 1950, that the State of New Hampshire
be respectfully requested to make immediately available its share of the
survey costs, amounting to fifteen hundred dollars (\$1,500.00), and

BE IT FURTHER RESOLVED that a copy of this resolution be forwarded by
the Selectmen of Hampton to Honorable Sherman Adams, Governor of the
State of New Hampshire.

The above resolution was passed unanimously by the voters of Hampton at
the annual Town Meeting, held on Tuesday, March 14, 1950.

Motion by Mrs. Wingate

That the heads of all departments take an inventory and list all and every piece of town owned property, and file their respective lists with the Town Clerk. Said inventory to be printed in next year's Town Report.

This was duly seconded and
 Was Voted.

March 14, 1950.

Be it resolved that we the voters of the Town of Hampton in the Town Meeting assembled this 14th day of March, 1950, do hereby resolve:

Whereas, Hampton Harbor should immediately be dredged in order to make it a safe anchorage, and

Whereas, the present channel markings in the Harbor are not in the true channel and if boats were to follow these, they would run aground, and

Whereas, there is need of additional equipment at the Hampton Beach Lifesaving Station in order to properly protect the Harbor and the Coast, and

Whereas, the new Hampton River Bridge has a new draw which will facilitate entrance of boats into the Harbor and cause the Harbor to be much more used than formerly.

Therefore, we do hereby request that immediate steps be taken to:

1. Start proper dredging operations to dredge a safe channel into Hampton Harbor and provide a safe anchorage,

2. Construct and replace the present channel markings at the entrance of Hampton Harbor so that a safe entrance may be made at low water;

3. That the present Coast Guard Station, known as the "Hampton Beach Lifesaving Station", be brought up to No. 1 standard in equipment and man power, namely, a motor lifeboat, a pocket boat, and facilities to handle the same; two-way radio communication be added between boats and station; and adequate man-power be added to properly man this station, and that this station be kept in a 1 condition at all times.

And that copies of this Resolution be sent to the United States Coast Guard Service and to our Senators and Representatives in Congress from New Hampshire.

Motion by John Deane to adopt this resolution and duly seconded by Howard Page.
 This was Voted.

Motion: To adjourn.

"Shall the provisions of Chapter 171-A of the revised laws relative to playing games of beano be adopted in this town?"

YES 258 NO 355

The State of New Hampshire.
Rockingham Co. Superior Court.

To the Town Clerk of Hamplm in said County:
Pursuant to the laws of the State of directing and regulating the selection and return of Grand and Petit Jurors. You are hereby required to cause one of those qualified in said town to be selected and returned to serve as grand juror and Petit juror respectively at the Superior Court to be holden at Portsmouth within and for said County on the 11th and 17th day of April respectively and the person ^{who shall} be selected for that service, you are to cause to be notified thereof: to attend the same on or that day at 2 o'clock in the afternoon and until discharged by order of the court, and make return of the writ with fees thereon.
Armed J. Cull. Jr. Clerk.

Rockingham Co.
In pursuance of the order aforesaid, I appointed the 17th day of March, 1950, at three o'clock in the afternoon at the Town Office in said Town of Hamplm as the time and place for drawing the jurors as within directed. And on the 6th day of March, 1950, gave notice to George H. Sumner, Harry D. Munsey, George S. Slane. Selection of said town and on the same day posted up notices at the Town Office and Post Office public places in said town. And at the time and place so appointed in the presence of the aforesaid George H. Sumner, Harry D. Munsey, George S. Slane and of such other persons who were to attend
Kirby Higgins Grand Juror. Hamplm N.H.

Charles F. Butler Petit Juror Hamplm N.H.
was by me duly drawn to serve as Grand Juror and Petit Juror respectively for the term of Court within mentioned: and on the 17th day of March, 1950, I served upon such Juror a notice in writing of his selection as a juror and of the Court he is to attend and the day and hour he is to appear.

EXEMPTION OF COMMISSIONERS' RETURN OF

HIGHWAY LAYOUT

TOWNS OF SEABROOK, HAMPTON FALLS, HAMPTON, NORTH HAMPTON
AND CITY OF PORTSMOUTH

At the time of filing the above-mentioned Return it was impossible for the Commission to ascertain the damages incurred to the New Hampshire Gas and Electric Company and therefore made a token award of one dollar. Said damage being incurred by the necessity of relocating a considerable portion of their high tension line in the Towns of Greenland and Portsmouth. The areas previously occupied by the line being required as a portion of the right-of-way for the Toll Road. The reconstruction having been completed and the New Hampshire Gas and Electric Company having supplied costs and supporting data, the Commission, with the advice of a representative of the Public Service Commission, have reviewed the same and the Commission makes the following award:

New Hampshire Gas and Electric Company \$57,015.17

also
The above described situation/existed in respect to the Exeter and Hampton Electric Company in the Town of Hampton and the Commission makes the following award:

Exeter & Hampton Electric Co. \$ 1,025.60

At the time of filing the above-mentioned Return negotiations were in progress to replace playground land taken for Toll Road purposes from the Panaway School on Sherburne Road in Portsmouth and a token award of one dollar was made. At the present time the degree of ownership among the City of Portsmouth, the Portsmouth School Board, and various Federal agencies are so uncertain that the Commission is posting a check for \$2,000.00 with the "Treasurer, of the State of New Hampshire" for distribution among any or all of the above interested parties when their ownership is established.

CERTIFICATE

We, the undersigned, duly elected, qualified and acting Selectmen of the Town of Hampton, New Hampshire, hereby certify that the following is a true copy of (excerpts from) the minutes of a meeting of said Selectmen held June 27, , 1950, at 2 P. M. o'clock at (place) Town office build., which meeting was attended by all the Selectmen, and by Mr. John Perkins. .

"The Chairman reported that it was necessary to take formal action with respect to the sale of \$200,000 Town of Hampton Sewer Bonds, Series A, the issue of which was authorized by Chapter 339, New Hampshire Laws of 1947 and by vote adopted at the Annual Town Meeting held March 9, 1948, as amended by vote adopted at the Annual Town Meeting held March 14, 1950. He stated that a guarantee by the State of New Hampshire of the principal and interest on the bonds had been authorized by the Governor and Council on May 17, 1950 and thereafter the bonds had been advertised for sale by circularizing the leading investment bankers and banks dealing in municipal securities situated in New England and New York and that a solicitation for bids had also been published in Manchester Union , on June 21, , 1950 and in the Bond Buyer on June 21, 1950. He said that three bids had been received for the purchase of said bonds, each bid including interest accrued to date of delivery, namely,

<u>Bidder</u>	<u>Amount</u>	<u>Interest Rate</u>
(Estabrook & Co.)	100.803	1.90%
(Robert Hawkins & Co., Inc.)	101.1077	2%
Smith, Barney & Co.	100.138	2%

AND CITY OF PORTSMOUTH

At the time of filing the above-mentioned Return,
land and trackage of the Portsmouth Branch belonging to the
Boston and Maine Railroad and located in the City of Portsmouth
was taken. It was not the intent of the Commission to take any
rights, easements, trackage and appurtenances, from said rail-
road and we amend our Return dated October 27, 1948 as follows:

"Reserving to the Boston and Maine Railroad the
right to use the land taken for all purposes, as may be
required, for the construction, maintenance and operation
of a railroad."

An award of \$200.00 was made to the Railroad and accepted.

"Proposal for the alteration of the Ocean Boulevard"

Town of Seabrook and Towns of Seabrook and/or Hampton

To His Excellency the Governor
and the Honorable Council:

In accordance with part 7, Section 2, Chapter 90 of the Revised Laws, as inserted by Chapter 188 of the laws of 1945, I, Frank D. Merrill, Highway Commissioner, propose an alteration of the Ocean Boulevard in the Town of Seabrook and in the Town of Seabrook or the Town of Hampton as may be determined by law, at the location given below:

Beginning at the center of the travelled way of the southerly end of the recently completed bridge structure over the Hampton River; and running thence southerly with the present Ocean Boulevard about one-half mile to a point near the northerly side of River Street in the Town of Seabrook.

Therefore, in accordance with Part 7, Section 2 of Chapter 90 of the Revised Laws as inserted by Chapter 188 of the laws of 1945, I, Frank D. Merrill, Highway Commissioner, propose that such alterations be made so that all, or a major part of the section of the Ocean Boulevard described above be made a limited access highway.

Dated at Concord, N. H. this
25th day of April, 1950.

(S'd.) Frank D. Merrill
Commissioner.

The Governor and Council, assembled in executive session on April 27, 1950, received the proposal of Frank D. Merrill, Highway Commissioner, for the alteration of the Ocean Boulevard in the Town of Seabrook and Towns of Seabrook and/or Hampton.

A hearing on this matter will be held in the Executive Council Chambers, Concord, New Hampshire, on May 17, 1950, at twelve o'clock noon, Eastern Daylight Time.

RETURN
OF A LIMITED ACCESS HIGHWAY
TOWN OF SEABROOK OR TOWNS OF SEABROOK AND HAMPTON

Federal Aid Project 318(1)

The undersigned, a Commission appointed June 2, 1950 to lay out a limited access facility subsequent to a hearing held by the Governor and Council on May 17, 1950, and being duly sworn, have proceeded as follows:

In the course of the hearing held in the Executive Council Chambers on May 17th, 1950 it became evident that the public interest and highway safety would be best served if a part of the existing Ocean Boulevard sometimes called Ocean Road, as now widened were designated as a local service road for a certain distance, and the Commission having been furnished with a plan in accordance with the above, notified the abutting landowners, and met many of them at the Boyd School House in Seabrook in accordance with the Notice attached hereto.

The plan exhibited at the meeting at the Boyd School House appeared to be satisfactory, and having fully considered the situation, we hereby lay out a limited access facility as follows:-

Between a point in the line of the jetty at the south end of the recently constructed bridge over the Hampton River, said point being shown as Station 81 + 82.06 on a Plan of the south approach to Federal Aid Project 318(1) in the Records of the State Department of Public Works & Highways; and running thence S. 26° 44' W. 1,757.36 feet to a point shown as Station 64 + 25.0 on said plan.

Laying out hereby as limited access highway in accordance with Chapter 90 of the Revised Laws as inserted by Part 7 of Chapter 188, Laws of 1945, all of the highway commonly known as the Ocean Boulevard as it now exists and as bounded between the two stations mentioned above with the following exception: Between Station 64 + 25.0 and Station 81 + 82.06 there is reserved from the above a strip thirty (30') feet in width along the easterly side of said Ocean Boulevard for the use and benefit of the public and owners of lots adjoining the easterly line of the Ocean Boulevard. The easterly line of limited access is hereby laid out to be 30.0 feet westerly from the easterly line of the Ocean Boulevard as now bounded. Reasonable crossing of the lines of limited access is to be permitted for pedestrian travel and small hand propelled vehicles.

- Continued on Page -2.-

It being the belief of the undersigned that the limited access highway hereby laid out will fulfill the requirements of the public for convenience and safety of travel and at the same time occasion the least amount of damage or inconvenience to landowners.

And for any damage or inconvenience occasioned in the laying out of this limited access facility we award damages as follows:-

Selectmen's Return of Lay-Out and Acquisition of Land and Sewers.
Town of Hampton, New Hampshire.

In accordance with a vote taken at the Annual Town Meeting held on the 9th day of March, 1948, and/or upon the petition of Ernest R. Underwood, Chairman, and the Sewer Committee of the Town of Hampton, dated July 22, 1950, a copy of which is attached hereto and made a part hereof we appointed a day for hearing in accordance with Chapter 188 of the Laws of 1945 as amended and in accordance with such other provisions of the Revised Laws of 1942 or any amendments applicable thereto, we gave notice as shown by the exhibits attached hereto and made a part hereof and on the 14th day of August, 1950, at two o'clock in the afternoon at the Hampton Center School Auditorium in said Hampton, the time and place appointed, said hearing was held and said interested parties and landowners appeared and a personal examination of the property to be taken for the purposes set forth was made and all of the interested parties who attended were heard and all of the evidence that they had to offer was received and a personal examination was made of the proposed route.

We are of the opinion that for the proper construction of a system of sewers for the Town of Hampton there is an occasion and need for the acquisition of an easement for the construction of the same and in said easement the said Town shall have a right to dig a ditch or ditches across said land, to lay pipes and to flow through said pipes such sewerage as is necessary for the disposal of sewerage as is contemplated for the project now being constructed or as it may be added to or reconstructed at some future time, also the right to maintain such pipes and conduits for sewerage as will or may become necessary for this purpose, and also the right to construct and maintain such manholes as may be necessary, together with the right to enter upon said land at any and all times for the purpose of making such repairs, renewals or new construction as may be necessary;

Therefore, we lay out the taking of land and the easement as follows:

Selectmen's Return of Lay-Out and Acquisition of Land and Sewers.
Town of Hampton, New Hampshire.

In accordance with a vote taken at the Annual Town Meeting held on the 9th day of March, 1948, and/or upon the petition of Ernest R. Underwood, Chairman, and the Sewer Committee of the Town of Hampton, dated July 22, 1950, a copy of which is attached hereto and made a part hereof we appointed a day for hearing in accordance with Chapter 138 of the Laws of 1945 as amended and in accordance with such other provisions of the Revised Laws of 1942 or any amendments applicable thereto, we gave notice as shown by the exhibits attached hereto and made a part hereof and on the 14th day of August, 1950, at two o'clock in the afternoon at the Hampton Center School Auditorium in said Hampton, the time and place appointed, said hearing was held and said interested parties and landowners appeared and a personal examination of the property to be taken for the purposes set forth was made and all of the interested parties who attended were heard and all of the evidence that they had to offer was received and a personal examination was made of the proposed route.

We are of the opinion that for the proper construction of a system of sewers for the Town of Hampton there is an occasion and need for the acquisition of an easement for the construction of the same and in said easement the said Town shall have a right to dig a ditch or ditches across said land, to lay pipes and to flow through said pipes such sewerage as is necessary for the disposal of sewerage as is contemplated for the project now being constructed or as it may be added to or reconstructed at some future time, also the right to maintain such pipes and conduits for sewerage as will or may become necessary for this purpose, and also the right to construct and maintain such manholds as may be necessary, together with the right to enter upon said land at any and all times for the purpose of making such repairs, renewals or new construction as may be necessary;

Therefore, we lay out the taking of land and the easement as follows:

Easement Over Land Of Homer Johnson

A certain parcel of land located in the Town of Hampton, New Hampshire, and bounded and described as follows: -

Boston and Maine Railroad,
North Station,
Boston 14, Mass.

Attention of Mr. E. D. Chapman.

Dear Mr. Chapman: In re: Town of Hampton, New Hampshire,
Sewer Project.

We have examined your letter of October 19, 1950, to John W. Perkins, our attorney. The Town has completed the taking and the easement in connection with the property of the Boston and Maine Railroad will be as shown on Plan No. 6 made by Wiley & Ward in September, 1950.

In answer to the conditions stated in your letter please be advised as follows:

1. The Town, of course, assumes all costs of installation and maintenance of the sewer except the connections put in by the various abutting land owners.
2. The Town will agree to reimburse the Boston and Maine Railroad for reasonable expenses incurred by the Railroad, including the cost of supervision and flagmen or traffic furnished while the pipeline is being installed or repaired under and adjacent to the main line track of the Railroad.
3. No work of construction or maintenance will be undertaken by the Town without first notifying the Division Engineer or other proper official of the Railroad.
4. Detailed information as to the type of pipe used and method of installation when crossing under tracks and run adjacent thereto will be submitted to the Division Engineer or other proper official for his approval.
5. The Town, of course, cannot agree to No. 5 as stated in your letter as this is purely a question of law.
6. The Town provides a connection in its line for all abutting owners but cannot agree that the Railroad may connect without paying the 100.00 entrance fee.
7. The land damage has been figured at \$520.00.

John W. Perkins

Attention Mr. E. D. Chapman

Dear Mr. Chapman: In re: Town of Hampton New
Hampshire Sewer Project

In view of the fact that the connection to be made
by the Railroad from its station to the sewer will
be on land owned by the Boston & Maine Railroad,
the Town will agree to waive the one hundred dollar
entrance fee.

Very truly yours,

STATE TAX COMMISSION

December 29, 1950

Selectmen of Hampton:

Enclosed herewith is a check in the amount of \$ 132.12 which represents partial reimbursement to your town (city) for the loss of taxes in 1950 because of the exemption of growing wood and timber under the provisions of Chapter 295 of the Laws of 1949. Payment in full cannot be made at this time because the reimbursement fund established by the above Act is insufficient; therefore, upon advice of the Attorney General, all eligible towns and cities are being paid on a pro rata basis in proportion to the funds available as compared to the total demands. A supplementary appropriation will be asked of the Legislature immediately, to provide a sum sufficient to complete the payment of the total reimbursements. The balance shown below as due to your town (city) should be carried as an asset in the town (city) balance sheet as of the close of the fiscal year. The computation of the reimbursement to which your town (city) is entitled is as follows and is based on information which is now available to the Commission:

Average total assessment on growing wood and timber for five years, 1944-1948, inclusive.....	\$ 7,389.
	<u>3,430.</u>
Less: Mature wood and timber assessed in 1950.....	\$ 3,959.
Balance on which reimbursement is computed.....	\$ 156.38
Total amount due at average local rate <u>\$39.50</u>	\$ -
Less: Yield Taxes Assessed as certified.....	\$ 156.38
Total reimbursement due from State.....	\$ 132.12
Pro rata share paid herewith.....	\$ <u>24.26</u>
Balance due from State.....	\$

REPUBLICAN TOWN COMMITTEE

BY *John W. Shaw*
 CHAIRMAN

Mr. Elroy G. Shaw, Chairman
 Board of Selectmen,
 Hampton, New Hampshire

Dear Mr. Shaw:

Some two weeks ago I was contacted by Mr. William Balch, Treasurer of the Institution for Savings in Newburyport, Mass., regarding a small savings account of one Elizabeth A. Batchelder, and he wanted to know if I knew of any of her heirs or relatives in order that this small account could be cleared out, otherwise it would be turned over to the State of Massachusetts. He said that he understood she had died here a number of years ago.

I checked our records and found that we had an Elizabeth A. Batchelder admitted here on November 26, 1923, and died on December 24, 1925, and that she was here as a Town of Hampton case, and I assume that the Town of Hampton must have paid for her board and care. I felt that rather than to have this money turned over to the State of Massachusetts that you probably in spite of the fact that it is a small amount, would appreciate having it turned over to the Town of Hampton, and so I notified him of these particulars and signed a receipt for this money.

I have endorsed this check and am enclosing it herewith rather than put it through our books as a receipt and then draw a county check against it to the Town of Hampton as we would have no account to credit this check towards. I hope that this transaction will meet with your approval.

With best regards, I am

Yours truly,

George W. Hilton

Result of Town Meeting Mar. 13, 1907.
Meeting was called to order at 10 a.m. by the
Moderator. John W. R. Brooks.
Warrant was then read by Moderator after which
Prayer was offered by Rev. Floyd G. Kinsley.

Prayer. Town Meeting. Mar. 13, 1907.
God of our fathers, known of old, through whom
they received faith, I found our fair community as
a beautiful place of thine, and who gavest to their
children the integrity to preserve it as the community
we now enjoy and cherish, — be with us yet, lest we
forget — lest we forget that it is of thy providence that
such benefits are ours.

For the privilege of gathering that each may have a
part in the government by which we are governed, we
give thee thanks, and grant that in our deliberations
of this day we may be constantly controlled by Christian
charity and fair mindedness; and may we count
and cherish for all the right to hold and express
the truths that thou givest us to see. And will thou
regain and purify the light that comes to a race of us,
until that truth shall more and more be begun,
continued, and ended in thee. Guide those whom
we shall choose to conduct our affairs that they
may ever be mindful of the trust and confidence
we place in them.

May we never cease to be vigilant in guarding
here in our midst those principles for which our
sons and daughters have gone out from our
community to preserve; yes, which those principles
they are now now on land and sea and in the
air sacrificing to preserve. Guard and keep
them strong and steadfast in thee, that they
laboring there, and we laboring here, may hasten
the day when justice shall run down as waters
and righteousness as a mighty stream.
And this we pray in the name of Christ.
Amen.

REPORT OF SPECIAL COMMITTEE TO STUDY THE
ADVISABILITY OF CREATING A WATER DISTRICT

Mr. Moderator:

The record proves that neither the rates charged nor the service afforded by the Hampton Water Works Company have ever met with the complete approval of its customers. Since 1917, the customers and the communities, served by the company, have fought continually for lower rates and better service through the Public Service Commission of New Hampshire.

For instance, on March 30, 1934, the voters in the Hampton Beach Village District formally asked that steps be taken by the District or Precinct commissioners to give them relief from the high charges and poor service of the Water Company. On January 2, 1935, the Public Service Commission ordered an investigation into "the reasonableness of the rates and the adequacy of the service" furnished by the Company.

There followed a four-year series of conferences, hearings, trial rates, and protests which ended with the famous Hampton Water Company rate case, begun on April 14, 1939, and ending on December 23rd of the same year. On June 13, 1940, the Public Service Commission issued an order for the company to adopt new tariffs, containing substantially lower rates, with which the Company had to comply within 15 days.

After filing motions for the suspension of the order and a new hearing, which were denied, the Company appealed to the New Hampshire Supreme Court, and on March 4, 1944, the Court gave judgement in favor of the Company. The Court allowed the addition of \$171,000 to the book

value as the reproduction value of the Company. Lower rates were no longer possible and for the past ten years the complaints against both rates and service have continued to pile up.

Recently, the Public Service Commission has heard formal complaints against the service afforded by the Company - continuing complaints over a period of several years - which were brought to a head by the serious Beach fire of last July. As a result of numerous hearings, the last of which was held a few weeks ago on February 7th, the Company has agreed to install new mains, a new 500,000 gallon standpipe and other necessary devices which will cost in the neighborhood of \$200,000 and which, the Company says, will mean an increase in the present water rates of from 6 to 10 per cent. However, the Public Service Commission has agreed to hold hearings on any contemplated increases before they are put into effect, which is virtual assurance of another long and expensive rate case, for which, the consumers themselves in the end will pay.

The foregoing gives only a brief glimpse of some of the high-lights of the long record of strife between the Water Company and its customers which has continued for over thirty years. To tell the entire story would take hours. Suffice it to say that no voluntary betterment in either rates or service has ever been made by any one of the several holding companies that have owned the stock of the Hampton Water Works Company, and in all probability there are not more than three or four communities in the United States where the water rates are so high as they are in Hampton. Water is the one commodity handled by public utilities which is absolutely necessary to life and health. Apparently the only interest which the present owners have in the Hampton Water Works Company, or in water as a necessary commodity, is the profits they can show as a result of their ownership.

Action was taken in the Town Meetings of 1946, 1948, and in 1949, relative to an investigation of the feasibility of the purchase of the Water Company by the municipality, but nothing was accomplished.

Article 13 of last year's Warrant read: "To see if the Town will vote to instruct the moderator to appoint a committee of two citizens to co-operate with similar committees to be appointed by the Town of North Hampton and/or Rye to study the advisability of creating a water district and of any other matters in connection therewith."

In Hampton, Edward S. Batchelder and J. W. Tucker were appointed; in North Hampton, Phillip T. Boothby and Russell D. Moulton; in Rye, although the article was passed, the moderator made no appointment. Hoping that official action might eventually be taken by the moderator in Rye, no meeting of the joint committee was called until January 30, 1951. Then, the committees named above met at 7:30 o'clock in the evening at the Hampton Town Hall with an unofficial committee from Rye, consisting of Abbott Drake, Roland Sawyer, Robert Goss and Norman Jenness present. Also present were Judge John W. Perkins of Hampton and Gordon Dow of North Hampton. The joint committee organized with J. W. Tucker as chairman and Gordon Dow as clerk.

The two-hour discussion covered facts relating to the Water Company, and procedure to be followed in setting up district or municipal ownership. There seemed to be no serious obstacles in the necessary legal procedure provided the voters wanted to take over ownership of the Company, and it was voted unanimously that it seems advisable to create a water district.

Several members of the joint committee attended the Public Service

afternoon to discuss the matter. The committee was a group of five, and the meeting was held in the town hall. The committee was composed of the following members: J. W. Tucker, Phillip T. Boothby, Russell D. Moulton, Edward S. Batchelder, and Gordon Dow. The meeting was held on March 13, 1951.

Commission hearing at the Beach Fire Station on the following Wednesday, February 7 of this year and heard the Commission Chairman, Edgar Hunter, assert that "the Public Service Commission is perfectly willing to aid and abet local communities in taking over the Hampton Water Works Company."

On February 14th, the Chairman of the Joint Committee wrote to Mr. Hunter and asked for comparative statements, (1) showing the legitimate costs involved in operating the utility under private management, as it is at present, and the other (2) showing the estimated cost in operating the same utility under municipal, or village district, management.

Mr. Hunter's reply is dated February 23rd and in it he gives an estimate of the cost of operating the Hampton Water Works Company if it were publically owned and compares these figures with the cost of operating the same system under private ownership. He states that "The figures are based on January 1, 1952, as the 1950 report is not yet in and the negotiations which have been going on for some time would add \$200,000 to the capital account."

COMPARATIVE ESTIMATE OF THE COST OF OPERATING HAMPTON WATER WORKS COMPANY
UNDER MUNICIPAL AND PRIVATE OWNERSHIP (Figures from Public Service Commission Chairman, Edgar Hunter's letter of February 23, 1951)

TOTAL BOOK VALUE	\$952,817	
Less Depreciation	133,887	
TOTAL NET BOOK VALUE	\$818,930	

*Includes the \$200,000 additional capital expense of 1951 and \$171,000 which the Supreme Court added to the book value as the reproduction value of the Company in 1941.

The following real estate taxes were paid by the company in 1949 to the towns of

North Hampton	2,171.17
Rye	699.89
Hampton	9,044.55

1952 real estate taxes would be somewhat higher on account of the \$200,000 added to the valuation.

The loss of taxes by the towns would be offset by the savings on hydrant rentals which the towns would no longer have to pay. Hampton, for instance, would come out practically even. It receives about \$9,000 a year from the company in the form of real estate taxes and pays the Water Company about \$9,000 a year for hydrant service.

The foregoing figures from the Chairman of New Hampshire's Public Service Commission, indicate that, even if the town were obliged to pay the highest possible amount for the utility

land 76.5 Volts

Having proven, through figures submitted by the head of the New Hampshire Public Service Commission, that the Hampton Water Company could beyond doubt be operated at a profit by the municipality or by a Water District, we come to the very important matter of purchase procedure. First, should the company be taken over (1) by Hampton as a municipality; (2) by a Water District set up in our town as a whole or comprising part of our town; or, (3) by a Water District comprising all or part of the three towns served by the company, namely, Hampton, North Hampton and Rye. Your committee has decided that the best interests of Hampton

Chapter 56 of the Revised Laws provides the means by which the Town of Hampton may purchase the Hampton Water Works Company. To a layman, the many provisions of this statute may seem intricate and involved. To an astute legal mind, the purchase procedure is not difficult. At the very outset a special town meeting is called and to secure passage of a referendum to buy the Company it is necessary to obtain a two-thirds vote of those present and voting by Australian ballot with the use of a check-list. If the vote is in the affirmative, the selectmen must, within thirty days, communicate with the utility to inquire if it elects to sell. The utility has sixty

which should be improved by minor repairs and resoling of shoes.

days to reply. Dependent upon whether or not the utility desires to sell and the price the Company asks, certain other legal formalities are observed and certain steps are taken, so that in the last analysis, the Company is obliged to sell at a price determined either by negotiation, by the Public Service Commission of New Hampshire, by the Superior Court or, in effect, by the Supreme Court of the State. It is very probably that in this case, the purchase price in the end would practically be determined by the Supreme Court.

In the meantime, ratification votes at special town meetings might be necessary and again a two-thirds vote of those present and voting would be required. In the end the Town would vote on the borrowing of money by means of a bond issue to pay for the utility and the law says that the price may not exceed ten per cent of the town's valuation. There could be no difficulty on this score, for the valuation, as of April 1, 1950, was \$8,782,127, ten per cent of which is \$878,213, well over any price that the Town might be required to pay.

Chapter 72 of the Revised Laws, which has to do with municipal indebtedness, makes it possible for a town or city to borrow money for the purchase of a water company, outside of the limits which usually restrict a town's borrowing capacity. It is believed that no difficulty would be encountered in floating whatever bond issue might be necessary for the purchase of the Water Company and that the terms for such an issue would probably be most attractive. And again it must be emphasized that taxes would not be required for either interest or amortization payments on these bonds.

For more years than we like to remember the community has been obliged to do business with a Water Company, the management of which is far removed from Hampton - a Company that enjoys a monopoly in Hampton with relation to the distribution and sale of a vital commodity, necessary for life and health - a Company that never voluntarily has made a single betterment in service or even a slight reduction in its confiscatory rates - a Company

(n 9)

which on the record, is interested only in profits.

Now, it seems there is an opportunity to shake ourselves loose from the shackles of this selfish utility which controls the supply, distribution and cost of water here in Hampton and in two neighboring towns. And this can be done with the assistance of the Public Service Commission of New Hampshire and its expert staff of accountants and engineers, thus rendering unnecessary the employment of experts other than the town's legal counsel, Judge Perkins. Remember, Chairman Hunter stated publicly at a hearing at the Beach on February 7 that the Commission is "perfectly willing to aid and abet local communities in taking over the Water Company."

We have shown that the statutes provide a method by which the utility may be purchased at a fair price, that this price would, under no circumstances, exceed the legal limit of ten per cent of the town's valuation and that bonds may be issued for such purpose without exceeding the legal debt limit. It is equally obvious that the citizens would have ample opportunity to be heard relative to all phases of the negotiations and that a two-thirds vote of those present and voting is required in every case. And this important utility may be purchased by the Town of Hampton without increasing the tax rate by even one mill, for interest and amortization of the water bonds would be paid entirely out of water revenue.

It is the unanimous opinion of your committee that the Town of Hampton should purchase the Hampton Water Works Company and that appropriate action should be taken now without further costly delay. Moreover, it is also the opinion of your committee that in case this assembly is in favor of buying the Company, the Public Service Commission of New Hampshire should immediately ask the Water Company to hold in abeyance its plan to spend in 1951 the proposed \$200,000 on necessary improvements. It is believed that the municipally owned Company could borrow the money necessary for these proposed improvements on far better terms than the private utility can and that other important savings might be made in carrying out the improvement project.

that it is to illustrate a good business plan for the town of Hampton. The plan is to purchase the Hampton Water Works Company and to operate it as a public utility. The plan is to purchase the Hampton Water Works Company and to operate it as a public utility. The plan is to purchase the Hampton Water Works Company and to operate it as a public utility.

and to illustrate a good business plan for the town of Hampton. The plan is to purchase the Hampton Water Works Company and to operate it as a public utility. if the Company were municipally owned.

By taking the necessary steps now to institute proceedings for purchasing the Water Company, the Town of Hampton has absolutely nothing to lose and we have everything to gain.

COMMITTEE TO STUDY THE ADVISABILITY
OF CREATING A WATER DISTRICT

Appointed by Moderator John W. Brooks
in accordance with a vote passed in
the Town Meeting on March 14, 1950.

March 13, 1951

Mr. Moderator:

Inasmuch as the office of the Attorney General has written a letter to the selectmen of a neighboring town dated February 9, 1951, a copy of which is being turned over the selectmen, which states that the setting of the time of day to hold the annual town business meeting is entirely at the discretion of the selectmen and wishing that our town might have the privilege of holding our business meetings at night when more people could attend without the loss of a day's pay, and also prevent interrupting the high school routine.

I make a motion that the selectmen write to the Attorney General and obtain a copy of this letter for verification, also that this assembly go on record as favoring holding next years business meeting at 7:30 in the evening of town meeting day, and recommend that the selectmen give it due consideration.

COMPARATIVE ESTIMATE OF THE COST OF OPERATING THE HAMPTON WATER WORKS COMPANY
UNDER MUNICIPAL AND PRIVATE OWNERSHIP (Figures from Public Service Commission Chairman, Edgar Hunter's Letter of February 23, 1951.)

	MUNICIPAL OWNERSHIP	PRIVATE OWNERSHIP
PROBABLE REVENUE for the Year 1951 will be	\$105,000	\$111,359

TOTAL BOOK VALUE	\$952,817	
LESS DEPRECIATION	138,887	
TOTAL NET BOOK VALUE	\$813,930 *	

* Includes the \$200,000 additional capital expense of 1951 and \$171,000 which the Supreme Court added to the book value as the reproduction value of the Company in 1941.

The following real estate taxes were paid by the Company in 1949 to the Towns of	
North Hampton	\$2,171.17
Rye	699.69
Hampton	9,044.55

1952 real estate taxes would be somewhat higher on account of the \$200,000 added to the valuation.

The loss of taxes by the towns would be offset by the savings on hydrant rentals which the towns would no longer have to pay. Hampton, for instance, would be practically even. It receives about \$9,000 a year from the Company in the form of real estate taxes and pays the Water Company about \$9,000 a year for hydrant services.

REPORT ON CEMETERIES BOTH PUBLIC AND PRIVATE
AS REQUESTED BY TOWN MEETING OF 1950

The Old Neighborhood Cemetery is enclosed by a stonewall, which with a small amount of labor could be restored as good as new. Very few stones are down in this cemetery, but some work should be done in cleaning underbrush and trimming of the trees.

REPORT ON CEMETERIES BOTH PUBLIC & PRIVATE
AS REQUESTED BY TOWN MEETING OF 1950

This Committee met during the summer and fall by viewing the following Cemeteries:

PUBLIC CEMETERIES

Pine Grove Ring's Swamp High St.

PRIVATE CEMETERIES

Shaw's Landing Rd. Elkin's Sanborn's
Bride's Hill Mary Batchelder

This Committee recommends that the following suggestions be carried out on Public Cemeteries and the following recommendations on Private Cemeteries could be adequately provided for by the adoption of Article-13-----.

Following recommendations were made for the PINE GROVE CEMETERY: Repair existing stone wall which would be of minor nature. Erect a fence on the west side which would not be out of proportion with the rest of the setting. Remove underbrush, stumps, reset stones and cut grass three or four times a season.

RING'S SWAMP CEMETERY, wire fence on south side, will have to be replaced, underbrush to be disposed of on the south side, wooden fence on north and east side in need of repair and paint. Grass cut three or four times a season.

SHAW'S CEMETERY, here the Committee agreed that some sort of a fence should be erected, stones reset and removal of underbrush.

LANDING RD. CEMETERY, the fence at this one is still standing but the posts and gate will have to be renewed. Believe the wire could be reused.

ELKIN'S CEMETERY, this one is partly enclosed with a fence which is of iron pipe and chain, part of which is missing and should be replaced. Here the trees should be trimmed.

SANBORN'S CEMETERY, this is enclosed by a stonewall with a few rocks that would have to be replaced. Trees should be trimmed and underbrush removed.

BRIDE'S HILL CEMETERY, this is also enclosed by a stonewall on all four sides and with a small amount of labor it could be restored as good as new. Here the trees should be trimmed removal of excessive amount of undesirable substance from the ground, also it needs a new wooden gate. Practically every stone in this cemetery should be reset or righted. This is one Cemetery which seems to be abused by the public.

MARY BATCHELDER CEMETERY, this is enclosed by a stonewall and iron fence which should be improved by minor repairs and resetting of grave stones.

The following recommendations can be applied to all Town Cemeteries: First, it was agreed by the Committee that all Cemeteries should be marked by signs similar as put out in 1938. Two, that some substance be found to seal cracks which the more ancient stones seem to have acquired. Three, that any stone broken or found laying on the ground be restored to its proper place as stones have been disappearing. Four, Acid washing, which could preserve old inscriptions. Five, cost of recommendations \$1500.00

Mr. Forrest E. Knowles
Selectman
North Hampton, New Hampshire

Dear Mr. Knowles:

In our conversation today I promised to write you without delay concerning the hours of opening and closing the polls at your March town meeting.

It is my opinion that the town meeting cannot vote under the general article concerned, "any other business that may legally come before said meeting" to fix the hours at which the polls may be opened or closed at future town meetings. Even if there had been a special article in the warrant and such a vote made, it is doubtful that such a vote would be valid in view of the specific provisions contained in our statutes relating to the times the polls are opened and closed. I refer you to the Revised Laws, chapter 57, section 2, which reads as follows:

"Warrant. The warrant for any town meeting shall be under the hands of the selectmen, and shall prescribe the place, day and hour of meeting, and, if there is an election at said meeting, in which an official printed ballot containing more than one name is used, the warrant therefor shall prescribe the time the polls are to open and also an hour before which the polls may not close. A town meeting may vote to keep the polls open to a later hour but may not vote to close the polls at an earlier hour than that prescribed by the selectmen hereunder. The subject matter of all business to be acted upon at the town meeting shall be distinctly stated in the warrant, and nothing done at any meeting, except the election of any town officer required by law to be made at such meeting, shall be valid unless the subject thereof is so stated."

I have also reviewed the previous opinions of this office and I find that section 36 of chapter 34, relating to the time polls open and close (10:00 A.M. to 6:00 P.M.) has never been construed so as to apply at a town meeting even though the town may have adopted the Australian Ballot System pursuant to section 89 of that chapter.

C O P Y

Mr. Forrest E. Knowles -- 2.

It is my conclusion that the selectmen shall prescribe the hour of the meeting and the time the polls are to open, and before which they may not close. If the selectmen wish to be guided by the previous "vote" of the town they may do so, but it is not valid or binding upon them.

Very truly yours,

Release and Settlement

For the sole consideration of nine hundred dollars (\$900.00) lawful money of the United States to us in hand paid by the Town of Hampton, a municipal corporation duly existing in the County of Rockingham and the State of New Hampshire, the receipt of which is hereby acknowledged, we, John Gambole and Leona Gambole, both of Hampton, in the said County of Rockingham, do hereby for ourselves, both jointly and severally, and for our heirs, executors, and administrators, release, acquit, and forever discharge the said Town of Hampton from any and all actions, causes of action, claims, demands, appeals, damages, costs, or any action whatsoever either at law or in equity or any other action which we or either of us ever had, now have, or may have against the said Town of Hampton in connection with the layout of a certain highway running across the westerly end of our property in said Hampton leading from the Lafayette Road, so-called, to land of the Boston & Maine Railroad as described in the Selectmen's Return of Highway Layout dated July 3, 1951, and recorded in Hampton Town Records, Book 1938, Page 386 and in Rockingham County Registry of Deeds, Book 1228, Page 202.

It is expressly understood and agreed that the acceptance of said sum of nine hundred dollars (\$900.00) is in full accord and satisfaction of all our claims arising out of or in connection with said highway layout.

In witness whereof, we have hereunto set our hands and seals this 2d day of January 1953.

SELECTMEN'S RETURN OF LAYOUT OF HIGHWAY FROM THE NORTH END OF SHAW'S BRIDGE TO THE TOWN DUMP

TOWN OF HAMPTON, NEW HAMPSHIRE

In accordance with the petition of Dean B. Merrill and nine other legal voters of the Town of Hampton, dated June 6, 1951, a copy of which is attached hereto and made a part hereof, we appointed a day for hearing in accordance with Part 5 of Chapter 188 of the Laws of New Hampshire 1945 as Amended, and in accordance with any other provisions of the aforesaid Chapter 188 or of the Revised Laws of 1942 or any amendments applicable thereto, and we gave notice as shown by the exhibits attached hereto and made a part hereof and at two o'clock in the afternoon, Daylight Saving Time, on the 25th day of June, 1951, at the Town Offices on the Winnacunnet Road in said Hampton, the time and place appointed, said hearing was held and the interested parties and land owners appeared and all the interested parties and land owners who attended were heard and all of the evidence that they had to offer was received and a personal examination was made of the proposed route and of another suggested route.

We are of the opinion that public necessity requires the layout of a highway to the Town Dump, and further that the most suitable highway should run from the north end of Shaw's Bridge to the said Town Dump, therefore, we lay out the aforesaid highway running from the north end of Shaw's Bridge to the Town Dump across land of John Gambole and Leona Gambole, both of said Hampton, the center line of said highway being described as follows:

Beginning at a point in the easterly sideline of the location of the Boston & Maine Railroad distant northerly 211 feet from the northerly corner of land of the Town of Hampton now used as a town dump;

thence running N 41° - 48' E, 50.9 feet; N 53° - 44' E, 247 feet and N 40° - 11' E about 123.9 feet across land of John Gambole to Lafayette Road; taking a width of fifteen feet on the southeasterly side of said center line and all land on the northwesterly side of said center line belonging to said Gamboles to land of the Boston & Maine R. R. and Leona

the above highway being as shown on a plan entitled "Town of Hampton, N. H. Layout of Highway Across Land of John Gambole" made in June 1951, by John W. Durgin, C. E., which said plan is attached to this return and made a part hereof.

It is the belief of the undersigned that the highway hereby laid out will fulfill the requirements as to the width and alignment necessary for the layout of said highway and will at the same time occasion the least amount of damage or inconvenience to land owners.

We award damages as follows:

To John Gambole and Leona Gambole, of Hampton, New Hampshire, \$150.00.

To the Board of Selectmen of the Town of Hampton, New Hampshire:

Whereas, the Hampton Beach Village District, a municipal corporation duly existing in the Town of Hampton, in the County of Rockingham, and the State of New Hampshire, did at its last annual District Meeting, held on March 31, 1951, authorize the construction of an addition to the Salt Water Fire Protection System and did authorize the District Commissioners to determine the exact location and length of said extension, and

Whereas, Elizabeth Staples, of 56 Arlington Street, Haverhill, Massachusetts, and George Murphy, of Lee, New Hampshire, have refused to sell to the District for a reasonable price an easement in the land required by it for the aforesaid purposes, and

Whereas, the land required of the said Elizabeth Staples is a tract of land 10 feet in width as shown on Sheet 1 of 7, the part of Plan showing easement and extension of Salt Water Fire Protection System at Hampton Beach, Hampton, New Hampshire, August, 1951, as surveyed by Charles H. Morse & Son, of Haverhill, Massachusetts, said sheet being attached hereto and made a part hereof, and the land required of the said George Murphy is a tract of land 10 feet in width as shown on Sheet 5 of 7 of the aforesaid Plan of Charles H. Morse & Son.

Therefore, in accordance with the provisions of Section 17, of Chapter 70, of the Revised Laws of 1942 As Amended, and of any other Statutes or amendments thereto applicable hereto, the Commissioners of the Hampton Beach Village District do hereby petition the Board of Selectmen of the Town of Hampton to appraise the damages occasioned to the aforesaid land owners, namely, Elizabeth Staples and George Murphy by the taking of an easement in their land by the Hampton Beach Village

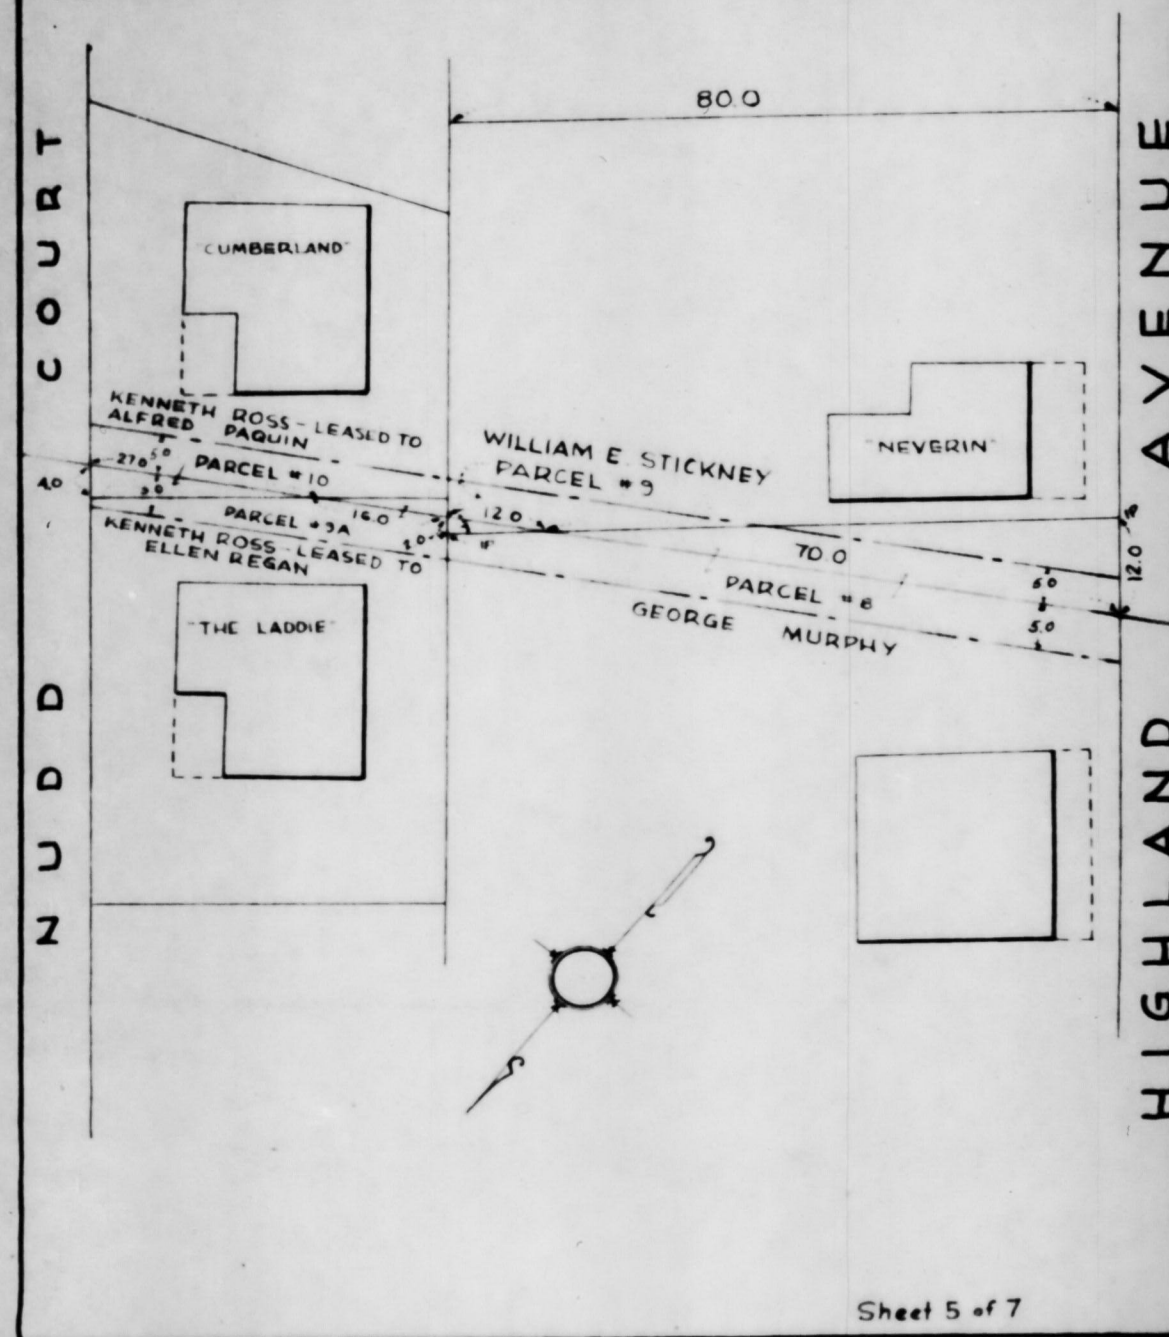

Notice

The Selectmen of the Town of Hampton do hereby give notice that in accordance with a petition dated November 16, 1951, from the Commissioners of the Hampton Beach Village District requesting the Selectmen in accordance with the provisions of Section 17 of the Revised Laws of 1942 As Amended, and of any other Statutes or amendments thereto applicable thereto, to appraise the damage in connection with the taking of an easement in land required for the construction of the extension of a salt water fire protection system at Hampton Beach, New Hampshire, said easement to run across land of Elizabeth Staples, of 56 Arlington Street, Haverhill, Massachusetts, as shown on Sheet 1 of 7 the part of Plan Showing Easement and Extension of Salt Water Fire Protection System at Hampton Beach, Hampton, New Hampshire, August, 1951, as surveyed by Charles H. Morse & Son, of Haverhill, Massachusetts, said sheet being attached hereto and made a part hereof, and across land of George Murphy, of Lee, New Hampshire, as shown on Sheet 5 of 7 of the aforesaid plan of Charles H. Morse & Son, said sheet being attached hereto and made a part hereof, a hearing will be held on the 12th day of December, 1951, at 2 o'clock, P. M., at the Town Offices on the Winnacunnet Road in said Hampton, at which time a personal examination will be made by the Selectmen of the premises herein described and at which time all parties interested may attend and give evidence.

REGULATIONS GOVERNING THE SUBDIVISIONS OF LAND ADOPTED BY THE
PLANNING BOARD OF THE TOWN OF HAMPTON, N. H.

Section I. Authority.

The Hampton Planning Board prescribes the following rules and regulations to control the subdivision of land pursuant to Chapter 53, Sections 19 - 29, Revised Laws of New Hampshire, 1942, as amended by Chapter 138, Laws of 1949. As provided in said Laws, no subdivision either public or private shall be authorized in the town until its character and extent has been submitted and approved by the Hampton Planning Board.

Section II. Definitions.

For the purpose of these regulations certain words used herein are defined as follows:

Board means the Planning Board of the Town of Hampton.

Subdivision means the dividing of a lot, tract or parcel of land into two or more lots, plats, sites or other divisions of land for the purpose where any new street must be constructed to the same whether immediate or future, of sales or building development. It includes resubdivision and, when appropriate to the context, relates to the process of subdividing or to the land or territory subdivided.

Plat means the final map, drawing or chart on which the subdivider's plan of subdivision is presented to the Hampton Planning Board for approval, and which, if approved, will be submitted to the Register of Deeds of Rockingham County for recording.

Street means; relates to and includes street, right-of-way, avenue, boulevard, road, lane, alley, viaduct, highway, free way and other ways.

Engineer means the Planning Board consultant or official retained by the Hampton Planning Board.

Section III. Procedure.

A. Application.

Whenever any subdivision of land is proposed to be made and before any application for a permit for the erection of a structure thereon shall be approved, the owner thereof or his agent, shall apply in writing to the Planning Board of the Town of Hampton for approval of such subdivision. The application shall conform to the specifications contained in these regulations.

B. Preliminary Layout.

Three copies of the preliminary layout as described in Section V shall be filed with the Hampton Planning Board. The Board will then study the preliminary layout and proposed street profiles in connection with the topography of the area, the existing requirements of the zoning ordinance, and shall take into consideration the general requirements of the community and the best use of the land to be subdivided and that of adjoining areas.

C. Revision of Preliminary Layout.

The Board before taking formal action shall hold discussion with the subdivider or his agents and may hear and confer with other parties whose interests may be affected by the proposed layout. After such discussion the Board shall communicate in writing to the developer the specific changes, if any, which it will require in the preliminary

REGULATIONS GOVERNING THE SUBDIVISIONS OF LAND ADOPTED BY THE

3.

plan, and the amount of construction or improvements it may require as a prerequisite to the subsequent approval of the subdivision plan. The Board may disapprove of the preliminary layout in its entirety, but shall state its reasons for such disapproval.

D. Final Subdivision Plan.

The subdivider, after official notification by the Board with respect to the preliminary plan and the changes, if any, to be made therein, shall within six months thereafter file with the Board, drawings of the final subdivision plan and street profiles as described in Section VI. The developer shall complete in accordance with the Board's decision all necessary changes in the final subdivision plan. Approval of the plat by the Board shall not constitute an acceptance by the Town of the dedication of any street, highway, park or other public open space. The Board before taking formal action shall hold a public hearing after regulation has been published as provided by law for publication of ordinances in the Town of Hampton. At this hearing the subdivider or his agent and all other parties whose interest may be affected by the proposed subdivision, shall be heard.

E. Approval.

The Board may approve the final plan, or may approve the final plan conditioned only on the completion of the required improvements to the satisfaction of the engineer and this condition shall be satisfied by the Board's certificate to that effect. When the Board approves the final plan, the chairman or secretary of the Board shall transmit a copy of such approval in writing to the Register of Deeds of Roanoke County. The Board may disapprove of the final plan with

4.

recommendations. The subdivider or his agent shall be notified of the action of the Board by regular mail within 5 days of such action.

F. Filing.

Within 90 days of the date of final approval or within nine months of the date of conditional approval, the subdivision plan shall be filed with the Town Clerk or the conditional approval or the final approval shall become null and void. An extension of time for a period not exceeding one year may be granted by the Board upon application by the developer or his agent. Such extensions of time may be renewed by the Board upon application.

Section IV. General Requirements for the Subdivision of Land.

The subdivider shall observe the following general requirements and principles of land subdivision:

A. The arrangement of streets in the subdivision shall provide for the continuation of the principal streets in adjoining subdivisions or for their proper projection when adjoining property is not subdivided, and shall be of a width at least as great as that of such existing connecting streets.

B. No street or highway right-of-way shall be less than 40 feet in width and may be required to be more if a greater street width is warranted in the opinion of the Board. The apportioning of the street widths among roadway, sidewalks and possible grass strips shall be subject to the approval of the Board.

C. Dead end or cul-de-sac streets shall be subject to the approval of the Board in each case and, at the discretion of the Board, shall be equipped with a turn-around roadway at the closed end.

5.

D. Reserve strips of land which, in the opinion of the Planning Board show an intent on the part of the subdivider to control access to land dedicated or to be dedicated to public use shall not be permitted.

E. Intersecting property lines at street intersections shall be joined by such curve as prescribed by the Board in each case.

F. There shall be adequate width and area of each lot, considering the location and zone of the subdivision and the size of the adjoining lot or lots in the area as may avoid congestion of population and may avoid conditions unfavorable to health, safety, and convenience.

G. Grades of all streets shall conform in general to the terrain and shall, so far as practicable, not exceed 5% for major streets and 8% for minor streets. No street shall have a grade of less than 1/2 of 1%.

H. Land of such character that it cannot be safely used for building purposes because of exceptional danger to health or other menace shall not be platted for residential occupancy, nor for such other uses as may increase danger to health, life or property or aggravate the flood hazard, until appropriate measures have been taken by the owner or his agent to lessen such hazards.

I. In areas not currently served by public sewer systems it shall be the responsibility of the subdivider or his agent to provide adequate information to prove that the area of each lot is adequate to permit the installation and operation of an individual sewerage disposal system (septic tank and drain field). Such information shall consist of the report of the health officer regarding seepage and other tests he may require. The subdivider or his agent shall be required to

6.

provide the necessary equipment and labor for the making of these tests.

J. Adequate drainage facilities, when required, shall be installed and constructed and in such cases shall be subject to the approval of the Engineer.

K. In matters of judgment or interpretation of the above general requirements the opinion of the Board shall prevail.

Section V. The Preliminary Layout.

Subdividers shall file with the Board three copies of a preliminary layout at a scale of not more than 80 feet to the inch showing or accompanied by the following information:

A. Proposed subdivision name; name and address of owner of record; subdivider and designer; date; north point and scale.

B. Names of owners of record of abutting properties, abutting subdivision names, streets, easements, building lines, alleys, and similar facts regarding abutting property.

C. Location of property lines and their approximate dimensions; existing easements, buildings, water courses, ponds or standing water, rock ledges and other essential features.

D. Existing water mains, sewers, culverts, drains and proposed connections or alternative means of providing water supply and disposal of sewerage and surface drainage.

E. Location, names and widths of existing and proposed streets and highways with their grades and profiles and the elevations of sufficient points on the property to indicate the general topography of the property.

F. The width and depth of sub-base of roadways.

7.

G. Where the topography is such as to make difficult the inclusion of any facilities mentioned above, within the public area so laid out, the preliminary layout shall show the boundaries of proposed permanent easements over or under private property. Such easements shall be not less than 10 feet in width and shall have satisfactory access to existing or proposed public ways.

H. Preliminary designs of any bridges or culverts which may be required.

I. Where the preliminary layout submitted covers only a part of the subdivider's entire holding, a sketch of the prospective future street system of the unsubmitted part shall be furnished and the street system of the submitted part will be considered in the light of adjustments and connections with the street system of the part not submitted.

Section VI. The Subdivision Plan.

A. The subdivision plan submitted for approval and subsequent recording shall be submitted in triplicate, one original and two contact prints shall be acceptable. The size of the sheets shall conform to the requirements of the Registry of Deeds, of Rockingham County, if any for filing. A margin of at least one inch shall be provided outside ruled border lines on three sides and of at least two inches along the left side for binding. Adequate space shall be available on the map for the necessary endorsement by the proper authorities. The drawings shall be of a scale of not more than 80 feet to the inch.

8.

B. The subdivision plan shall show:

1. Proposed subdivision name or identifying title, the name and address of owner of record and subdivider, and the name, license number and seal of the designer, date, scale, and north point.

2. Street lines, building lines, pedestrian ways, lot lines, reservations, easements and areas to be dedicated to public use and areas the title to which is reserved by the developer.

3. Sufficient data acceptable to the Engineer to determine readily the location, bearing and length of every street line, lot line, boundary line and to reproduce such lines upon the ground. All dimensions shall be shown to hundredths of a foot and bearings to at least half minutes. The error of closure shall not exceed 1 to 500. The final plan shall show the boundaries of the property.

4. Permanent monuments shall be set as required by the Board.

RESOLUTIONS

1864 - Col. George Ashworth - 1952

WHEREAS Colonel George Ashworth, a citizen of Hampton for over fifty years, died in his 87th year at St. Petersburg, Florida on January 21, 1952, and

WHEREAS Colonel Ashworth, as the enterprising and successful proprietor of the hotel which bore his name and as a Commissioner of the Hampton Beach Village District, played a prominent part in the development of Hampton Beach along lines which has earned for it an enviable reputation among the nation's recreational centers, and

WHEREAS Colonel Ashworth has evidenced his deep interest in the welfare of the youth of Hampton and has made generous contributions in behalf of the training of the minds and bodies of our boys and girls by means of the "George and Grace A. Ashworth Scholarships" and by legacies to Scout organizations and to the John C. White Memorial Playground; therefore

BE IT RESOLVED by the citizens of Hampton in Town Meeting assembled on March 11, 1952 that in the death of Colonel Ashworth our town has lost a good and loyal citizen to whom it is indebted for unselfish community service that has extended over a period of half a century, and

BE IT FURTHER RESOLVED that as a testimony of our sincere appreciation, a copy of these resolutions be spread on the permanent town records, printed in the next annual town report and mailed to the surviving relatives of Colonel Ashworth.

Resolution written by James Tucker Sr.

Results of Town Meeting, Hampton N. H., March 11th 1952.

Meeting opened at 10-15 A.M. Warrant read by Moderator John W. R. Brooks.
Reading of Primary Notice by Moderator John W. R. Brooks.
Moment of Silence to the late William Brown, respectfully observed.
Prayer as follows by Rev. Floyd Kinsley.

God of our Fathers, known of old,
"Thy love divine hast led us in the past, In this free land, by thee our lot is cast,
Be Thou our ruler, guardian, guide, and stay, Thy word our law, thy path our chosen way.
In this day and hour, be with us yet, lest we forget the toil and tears that make possible the living in a land and community where government of the people, by the people and for the people is a priceless heritage. Be with us yet lest we forget our duties in such a Democracy lest our leaders be blind leaders of the blind; be with us yet lest the lust of greed or selfish gain shall deter us from seeking the greatest good for the greatest number.
Hear our prayer for the guidance as this day we use the priceless privilege that is ours, that our community may continue to be a place where we love to live; hear our prayer for guidance as we choose those who shall lead us; hear our prayer for guidance for those whom we shall choose. Hear our prayer for the presence with those from our community who, on far flung battle lines or who, in any place in the service of their country, sacrificed for the preservation of our free way of life.
As we seek to promote brotherhood, trust and solidarity in this fair town, keep us ever mindful that we are brothers to all mankind, and Sons of thine, whose ways of pleasantness and all of whose paths are peace; and in the name of the Prince of Peace we pray. Amen. Floyd C. Kinsley.

TOWN WARRANT FOR SPECIAL TOWN MEETING

September 29, 1952

TOWN OF HAMPTON

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hampton in the County of Rockingham, in said State qualified to vote in Town affairs.

You are hereby notified to meet at the High School Auditorium in said Hampton on Monday, the 29th day of September, 1952, at seven thirty o'clock p.m. Eastern Standard Time to act upon the following subjects:

Article 1. To see if the Town will vote to amend the Zoning Ordinance adopted at the Annual Town Meeting on March 8, 1949 and amended at the Annual Town Meeting on March 14, 1950 and amended at the Annual Town Meeting on March 11, 1952, by striking out in Part 1, Section 1, Article III, the words "or two-" so that said Part 1 shall read as follows:

"1. Single family residence, including other purposes accessory to their use as residences, by the owner or tenant, such as offices for doctors, engineers, architects, lawyers, or others where the number of persons employed on the premises, besides the owner, shall not be more than two, and private garages. The letting of rooms to five or less lodgers, tourists, or boarders shall be considered accessory use."

and to further amend said Ordinance by striking out in Section 1, Article IV, the words "per family" and adding in place thereof the words "at the ground floor level" so that said Section 1 shall read as follows:

"Section 1. Residence A Districts. In Residence A districts the maximum height of any structure shall not exceed three stories or 40 feet in height, nor shall any residential structure contain less than 400 square feet at the ground floor level."

Article 2. To transact any other business that may legally come before the meeting.

Given under our hands and seals this 12th day of September, in the year of our Lord, 1952.

TOWN WARRANT FOR SPECIAL TOWN MEETING

September 29, 1952

Report Of Special Town Meeting Sept 29th, 1952

Meeting opened at 7-30 P.M. Moderator John W. R. Brooks

Reading of Warrant by Moderator

Explanation of need for calling Special Town Meeting explained by Norman Royal for signers of the petition.

Mr. William Robinson referred to notices received by approx' Two Hundred Navy Yard workers, due for layoff, which eliminate Hampton as a Critical area.

Remarks by Edward Seavey, saying he was not taking sides with either one, and spoke of the importance of and necessity for Zoning Laws and Regulations for the present and future growth of Hampton.

Remarks by Norman Royal favoring decision on Zoning before Mr. Kelly started to operate.

Members of the Planning Board came to front of Hall and remained through out the meeting, with Clifford Bean acting as Spokesman for the group.

Remarks by Wilfred Cunningham asking Members of Planning Board what could be done without changing Zoning Ordinance?

Mr. Bean - The matter at hand had never been presented to the Planning Board.

Remarks by O.R. Garland saying this was definitely the time to decide whether to have or not have two family dwellings.

Remarks by Mr. James Mc Cool asking if this area would be considered a business area?

Remarks by Lawrence Hackett asking, would it be well to do away with Zoning and give more serious thought to well planned Building Codes and Ordinances? *no action*

Remarks by William Treat, stating he was counsel for Mr. Kelley, and giving an outline of Kelly plan for building, saying "Mr Kelly did not wish to have any issue with the Towns people".

Remarks by Colin Mc Donald, Comparing Panaway Manor at Portsmouth and definitely against such a project for Hampton.

Remarks by Harold Towle suggesting a workable Building Code, answered by John W. Perkins saying "They had tried but must have the co-operation of the Trades to accomplish same".

Question by Philip Toppan of Mr Treat, Does F.H.A. furnish the money? Answered by Wm. F. Baker of the Federal Housing Administration. Answer was no. Has to be raised through Bank and insured thru F.H.A.

Question asked by Mrs M. Wingate of Mr. Treat, Are Mr Kelleys promises reliable, or was this just a gentlemen's agreement? Mr. Treat answered he believed Mr Kelly to be a man of integrity and had seen no reason to believe otherwise.

STATE OF NEW HAMPSHIRE

A REGULATORY ORDER BY THE COMMISSIONER OF PUBLIC WORKS AND HIGHWAYS

TRAFFIC CONTROL DEVICES
MEANINGS OF TRAFFIC SIGNAL COLOR AND ARROW INDICATIONS

1. This order consolidates previous orders and cancels the following insofar as they constitute an order on the above subject:

- a. N. H. Signs and Road Marking 1942 F. E. Everett, Commissioner
b. Letter order "Red and Yellow Pedestrian Indication January 11, 1951" F. D. Merrill, Commissioner

2. Colored lights and directional arrows installed on Class I, Class II and Class III highways shall have the following meanings and no others:

Green (alone) :

- (1) Vehicular traffic facing the signal, except when prohibited by a superior regulation, may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. But vehicular traffic, including vehicles turning right or left, shall yield the right of way to other vehicles and to pedestrians lawfully within the intersection or an adjacent crosswalk at the time such signal is exhibited.
(2) Pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk unless directed otherwise by a pedestrian signal.

Yellow (alone, following green) :

- (1) Vehicular traffic facing the signal is thereby warned that the red or stop signal will be exhibited immediately thereafter, and such vehicular traffic shall not enter or be crossing the intersection when the red or stop signal is exhibited.
(2) Pedestrians facing such signal are thereby advised that there is insufficient time to cross the roadway, and any pedestrian then starting to cross shall yield the right of way to all vehicles.

Red (alone) :

- (1) Vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection, and shall remain standing until a green signal is shown.
(2) No pedestrian facing such signal shall enter the roadway unless he can do so safely and without interfering with any vehicular traffic or unless a separate walk indication is shown.

Red with Green Arrow :

- (1) Vehicular traffic facing such signal may cautiously enter the intersection only to make the movement indicated by such arrow, but shall yield the right of way to pedestrians lawfully within a crosswalk and to other traffic lawfully using the intersection.
(2) No pedestrian facing such signal shall enter the roadway unless he can safely and without interfering with any vehicular traffic, or unless a separate walk indication is shown.

-2-

Red and Yellow Together:

- (1) Pedestrians facing the signal may proceed across the roadway within any marked or unmarked crosswalk.
(2) Vehicular traffic facing the signal shall stop before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection and shall remain standing until a green signal is shown.

Flashing Red (Stop Signal):

When a red lens is illuminated by rapid intermittent flashes, drivers of vehicles shall stop before entering the nearest crosswalk at an intersection or at a stop line when marked, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign. (All traffic approaching an intersection on a highway upon which a standard stop sign approved by me as to size and type has been erected shall come to a full stop before entering the intersection, except when otherwise directed by a police or traffic officer and shall yield the right of way to vehicles travelling on the intersecting highway.)

Flashing Yellow (Caution Signal):

When a yellow lens is illuminated by rapid intermittent flashes, drivers of vehicles may proceed through the intersection or pass such signals only with caution.

Flashing Green:

When a green lens is illuminated by rapid intermittent flashes, drivers of vehicles may proceed past such a signal in conformance with other traffic regulations governing traffic behavior at that point. However, they shall be reminded that the signal indication may change to steady yellow, steady red or steady red and yellow. The use of the flashing green indication is restricted to streets or highways where fire equipment may enter, at certain crosswalks protected by pedestrian push button signal controls, at draw bridges, or at any other point on the street or highway where it is necessary to halt vehicular traffic in unusual circumstances.

3. IN NO CASE, HOWEVER, SHALL A DRIVER ENTER OR PASS THROUGH AN INTERSECTION WITHOUT DUE REGARD FOR THE SAFETY OF OTHER PERSONS WITHIN THE INTERSECTION, REGARDLESS OF SIGNAL INDICATION.
4. This order conforms to the Uniform Code for Traffic Control Devices and the Uniform Vehicle Code except for flashing green indication for which an approved national standard does not yet exist.
5. This regulatory order for the control of traffic issued under authority of Section 1, Part 19, Chapter 90 of the Revised Laws as inserted by Chapter 188 of the Laws of 1945 and as prescribed in Section 4 of this law. Any person violating this order may be fined not more than one hundred dollars and shall be liable for all damage occasioned thereby.
6. Traffic signals in cities and towns shall conform to standards set by me as to type, size, installation and method of operation.

Article 24. On petition of Roland C. Emery and ten other legal voters of the Town of Hampton to see if the town will vote to adopt the following proposed amendments to the Code of Ordinances governing Electrical Wiring in the Town of Hampton, N. H.

The National Electrical Code, as published by the National Board of Fire Underwriters every third year, governing the installation of electrical wiring and apparatus shall be adopted and approved as the minimum requirement by the Town of Hampton.

Some qualified person shall be elected at each annual town meeting whose title shall be "Inspector of Wires", whose duty shall consist of the inspection of all wiring for any purpose within the town, and whose salary shall be paid in part by permit fees and in part by a sum appropriated by the town for that purpose.

Only those electricians who are registered with the New Hampshire Board of Underwriters shall be permitted to install any wires or conduits for wires within the town.

Before the electrician may start wiring any new building, or rewiring any existing building within the town he shall obtain or see that a building permit has been issued for that particular building by the town clerk or the building inspector. This permit must be posted at the building site, and must bear the approval of the Inspector of Wires over his signature before the Electric Company will connect the building to their system.

The Exeter & Hampton Electric Company will not be permitted to install a meter at a new or changed meter installation until a permit has been issued to the Company by the Inspector of Wires.

Temporary service permits will be limited to six months subject to renewal with the approval of the Inspector of Wires.

Nothing in this section shall be construed as to prohibit any property owner doing his own wiring provided he has complied with all of the rules, and his work bears the approval of the Inspector of Wires.

Results of Town Meeting March 10th 1953.

Meeting called to order at 10-05 A.M. by Moderator John W. R. Brooks, followed by reading of the Warrant. Prayer by Rev. Walter S. Oddy

Prayer for Town Meeting --- March --- Offered by Rev. Walter S. Oddy

O Thou who art the Living God of all mankind, we come to Thee on this important day in the history of our town to thank Thee for the great and wondrous blessings that Thou hast wrought upon us. We are participants, whether we would or not, in the mighty program of life in the world. The interests of all nations are our own also, and what affects mankind is inevitably our affair as well as those who dwell in the various countries of the world.

Therefore, we would bless Thee for the land wherein Thou hast set our feet; for the rich material resources; for the opportunities of outreach and advancement. Yes, we thank Thee for the God-given freedom to make our town and nation, as well as ourselves, the very best. So may we prove ourselves worthy of all the heritage bestowed upon us. May the conduct of our Christian and Godly ideals be worthy of children of the Eternal Father.

O Lord, as we come together today to consider the problems and activities of our beautiful town and its relationship with the rest of mankind, may we have unity of thought in our program of progress that our purpose might be firm and for the good of all. Save us from pride and arrogance and unworthy discord that we might be guided by Thine Almighty Hand which has led us in the past.

Guide those, we pray, into whose hand authority has been and is about to be placed, that they may legislate wisely, act with justice and prudence, and be as an example of what a citizen should be. We realize that behind the men and women in office, --in power--, behind those in the service of their country and those who are of the band of citizenship there stands One whose Power is greater than all others and whose Will is to be obeyed.

Ballot Clerk were sworn to their respective duties by Moderator John W. R. Brooks. Clarence Shaw in charge of ballots.
Assistant - Henry Bailey - John Greenleaf - Frederick W. Blake - Clinton Durant - Helen Muller - Lena Emery - Carolyn Higgin - Rebecca Little

Result of Town Meeting March 10th 1953.

PARKING STUDY

Purpose and Scope of Inquiry

At the annual Town Meeting of the Town of Hampton held on Tuesday, March 11, 1952, a committee was appointed pursuant to Article 19 in the Town Warrant to prepare "a survey of the need for additional parking space in the business section of the town" and the committee was instructed to report its recommendations to the next annual Town Meeting.

The following individuals were appointed as members of this committee: Douglas Hunter, John Malek, Norman Merrill, Alton Tobey, and William W. Treat. The committee designated Norman Merrill to act as Secretary and William Treat as Chairman.

The committee undertook to determine (1) what parking space was presently available in the ~~business center~~ business center of the Town of Hampton, (2) what demand there was for parking space, (3) whether or not there was a present need or likely to be a future need for additional parking space, and (4) if so, what area was best adapted to meet this need.

In preparation for this study the committee consulted with members of the staff at the University of New Hampshire, officials of the New Hampshire Public Works and Highways Department, and officials of the Bureau of Public Roads of the United States Department of Commerce. In addition, the committee obtained reports of other parking studies and similar publications from the Eno Foundation for Highway Traffic Control, the Automotive Safety Foundation, the American Automobile Association, and the Bureau of Planning of the New York Department of Commerce.

The members of the committee wish to emphasize that they possess neither the funds nor the training to undertake a thorough, scientific study of the parking problem in Hampton. A survey of this nature should properly be conducted by engineering specialists trained in ~~the~~ highway traffic control. The committee is aware of the very definite limitations of this survey but hopes that it will serve a useful purpose in helping to solve the parking problem.

It should also be pointed out that the parking problem is only one small part of the function of municipal planning. As communities grow and

become more congested the need for overall continuing municipal planning becomes increasingly apparent. A study of the parking needs of a community should, of course, be correlated with an overall municipal planning study.

Present and Foreseeable Need

In determining ~~the~~ whether or not a present or foreseeable need for additional parking space existed in Hampton, the committee sought to learn (1) what available parking space now existed and (2) what the volume of demand for parking space was at this time and what it was likely to be in the future.

Public parking space in the community is of two general types (1) curb parking space and (2) off-street parking space. Where there is limited parking space available the former is usually confined to the short term parker and the latter is available for people requiring parking space for a longer period of time.

The curb parking space in Hampton consists primarily of three areas (1) the Lafayette Road area between Winnacunnet Road and High Street, (2) the area between the corner of Tobey's Drug Store and the Post Office, and (3) the area on High Street between Lafayette Road and Dearborn Avenue. It is expected that sometime in the near future that parking on High Street may have to be restricted to one side of the street because of the anticipated increase in traffic volume down Route 101 onto High Street. In this event, the curb parking space in the business center would be further reduced.

In the immediate business center of Hampton beginning at White's Gulf Filling Station and proceeding up Lafayette Road onto High Street as far as the High Street parking lot and including the area between the Post Office and Tobey's corner the committee found that there were spaces for 48 motor vehicles. The only existing off-street parking area with any appreciable parking space is the High Street parking lot. There is some parking space near the railroad station but most of this is restricted to the use of railroad passengers.

The High Street parking area has an estimated capacity of between 25 and 30 motor vehicles, depending somewhat upon the manner in which they are parked. The High Street parking lot is privately owned and is used from year to year as a parking lot with the consent of the land owners. It is understood that the grading and surfacing of this parking lot was done at the expense of the

town. No compensation is paid to the land owners for the use of the lot by the town.

The committee estimated that the total parking area in the business center of the Town of Hampton, including both curb and off-street areas, will accommodate about ¹²⁵ 125 motor vehicles. The town does not own any land in this area which could be used for parking space if the need arose.

The demand for parking space in Hampton Center comes from a number of sources and is influenced by many factors. It is not possible to establish a definite mathematical correlation between these factors and the required parking area but they are all pertinent to the problem and have a definite bearing upon its solution.

In the area described above between White's Gulf Station on Lafayette Road and the High Street parking lot and also including the area between the Post Office and Tobey's corner the committee found that there were 35 business establishments being operated. This is the same area in which there are 49 curb parking spaces.

It is estimated that there are about 1400 motor vehicles registered in the Town of Hampton. In the towns immediately surrounding Hampton for which Hampton serves as the trading center there are probably a total of 4,000 to 5,000 registered motor vehicles.

The year round traffic volume on U. S. Route 1 in Hampton averages about 6,000 cars per day and there are over twice this number on many summer days. It is not possible to state what percentage of this volume stops in Hampton to trade, but it is believed that a substantial number do stop when parking space is available.

In addition to the above factors, there is also a large number of summer residents who use Hampton as a shopping center. Past experience would indicate that the ~~summer~~ number of summer residents will continue to grow and that the parking problem will become increasingly acute during the summer months.

It was the unanimous conclusion of the committee that the available parking space in the business center of the Town of Hampton is inadequate for existing demand. The inevitable future increase in the number of motor vehicles using Hampton as a shopping center will make this problem increasingly serious as time goes on. The problem is further aggravated by the fact that the only

off-street parking area is not municipally owned and the town has no assurance that it can continue to use this area as a parking lot indefinitely.

Choosing a Location

Among the factors considered by the committee in selecting an area for off-street parking were (1) proximity to the business center, (2) ease of entrance and exit by motor vehicles, (3) accessibility by foot path to shopping center, (4) adequacy of area for existing and future needs, (5) original cost, and (6) improvement cost.

~~Recommendation~~ ~~Summar~~ Numerous studies have established the fact that off-street parking areas must be located very close to the facilities which they are intended to serve. Automobile drivers will not make use of parking areas which are not conveniently located.

It is also desirable that the parking lot should be visible from the street and be easy to enter and to leave. Hidden parking lots with narrow, crowded entrances and exits are of limited value.

Wherever possible, foot paths leading to the shopping center should be constructed to add to the convenience of the shoppers.

Any area selected for a parking lot should be large enough to serve not only the present parking needs but also the all foreseeable parking needs.

If several locations meeting the above requirements can be found, the location with the lowest cost should be purchased. However, both original cost and improvement cost must be considered in determining the ~~sum~~ purchase value.

The only locations near the shopping center of Hampton which ~~sum~~ are large enough to meet both present and future parking needs are (1) the area lying East of the railroad tracks between the Odd Fellows Building and the Race Station and (2) the area to the rear of the business establishments on the Easterly side of Lafayette Road lying between High Street and Winaucumet Road. The latter area includes the present High Street parking lot.

The present High Street parking lot has a frontage on High Street of about 278 feet and is about ¹⁵⁰ 150 feet deep. A frontage of about 110 feet on the Easterly side is owned by the Hampton Associates, Inc. and a frontage of about 68 feet on the Westerly side is owned by Kenneth W. Langley. Although only about

100 feet on the Northerly side of the lot has been graded and surfaced for parking from High Street the lot belonging to the Hampton Associates, Inc. extends Southerly for a distance of about 250 feet and runs along both Easterly and Southerly sides of the lot owned by Mr. Langley. The Langley lot has a frontage of about 68 feet on High Street and has a depth of about 193 feet. The Hampton Associates, Inc. lot and the Langley lot combined constitute a total area of about 50,000 square feet.

Findings and Recommendations

It was the unanimous conclusion of the committee that the area lying Easterly of the business establishments on the Easterly side of Lafayette Road was the most desirable area for parking purposes. The committee was also in unanimous agreement that the area bordering on High Street and extending Southerly as far as the Southerly sideline of land owned by Sanford York, consisting of the lot owned by Kenneth W. Langley and the lot owned by the Hampton Associates, Inc. was the most desirable ~~area~~ portion of this area to be developed for parking use. Since the Northerly part of these lots has already ^{been} graded and surfaced for parking use, there would be no need for any additional improvement costs at this time.

This area meets the requirements specified by engineers trained in making parking surveys. It is (1) close to the business center, (2) easy to enter and leave by motor vehicle, (3) has easy access by foot path to the shopping center, (4) there is adequate area for increasing parking space as the demands become heavier and (5) there would be no immediate need for additional improvement expense.

The committee unanimously recommends that the Selectmen be instructed to take the necessary steps for the immediate acquisition for parking purposes by the Town of Hampton of (1) the lot bordering on High Street belonging to Kenneth W. Langley and (2) the lot bordering on High Street and belonging to the Hampton Associates, Inc.

The committee also unanimously recommends ^{that} the Selectmen be instructed to take the necessary steps to ~~ac~~ acquire an easement for the purpose of building a foot path 10 feet in width leading from Lafayette Highway over the land of one Myron Williams to the land now belonging to Kenneth W. Langley; said foot path to lie between the buildings now occupied by the barber shop of Joseph

Resolution by James Tucker Sr.

RESOLUTION

WHEREAS, under the law, one of the chief functions of our planning Board is
to provide a carefully drawn plan for the orderly growth and development of
Hampton, and

WHEREAS such a plan is now lacking and can best be provided only by expert
consultants and engineers in the field of town and city planning, and

WHEREAS economic trends in this critical defense area fully demonstrate the
immediate need for such a well formulated plan and for all the pertinent
information relative to our community which such a plan will produce, therefore

BE IT RESOLVED by the voters of Hampton in Town Meeting assembled on March 10,
1953 that we request our Planning Board to consult immediately with one or
more reputable firms of city and town planners to secure complete and detailed
information concerning the cost involved in preparing for Hampton a complete
Master Plan with all the necessary maps and data and to secure such other
details as may be relevant, and

BE IT FURTHER RESOLVED that this meeting advocates for obvious reasons the
appointment to the Planning Board of two resident civil engineers, and

BE IT RESOLVED IN CONCLUSION that the requested information be conveyed to
the voters at the next regular Town Meeting or at an earlier special town
meeting, if, in the opinion of the Board, such special action is either
necessary or desirable.

Board of Selectmen
Hampton, New Hampshire

On the advice of my physician I am resigning my office
as Town Clerk, effective immediately.

It has been a pleasure for me to have served the people
of Hampton in this official capacity and it is with great re-
luctance that I now relinquish my duties. However, as the result
of my operation this summer, my doctor does not feel that I
should further endanger my health by continuing to carry the
responsibilities of this office.

I would like to take this opportunity to thank all of
the officials of the Town of Hampton as well as my many friends in
Hampton who have been so kind and thoughtful during my terms of
office and more particularly during my recent illness.

may, license and permission to use said driveway in common with the
RAILROAD and others, it being understood, however, that this
license covers only the portion of the RAILROAD premises shown in
yellow upon said plan extending southerly to the Town of Hampton
Dump, and LICENSEE agrees that it will at no time use for driveway
purposes any portion of the Railroad premises extending outside of
the said area.

-2-

2. The LICENSEE agrees that it will maintain this driveway during the existence of this agreement, and that it will not park any vehicle or vehicles within this right-of-way or upon the location of the RAILROAD.

3. The LICENSEE agrees to pay for the license and permission herein given the sum of One and no/100 (1.00) Dollar a year, payable yearly in advance.

Notwithstanding the payment of any such sum in advance, the right to terminate this license as hereinafter provided is to continue in full force and in case this license is so terminated, the RAILROAD shall refund to the LICENSEE such portion of the sum paid for the then current year as is proportionate to the fraction of said year then unexpired.

4. The LICENSEE agrees to indemnify and save harmless the RAILROAD, its successors and assigns, and its officers, agents and servants, as their interests may appear, against any and all loss, cost, damage or expense and against any and all claims or suits for damage to property, personal injury or death, arising out of or in any way attributable to use of said driveway under the license herein given, or the condition of said driveway, unless due to the sole negligence of the RAILROAD.

5. This agreement shall take effect upon the date hereof and shall continue in full force and effect for the term of thirty (30) days and thereafter shall continue until terminated on any day by thirty (30) days' written notice given by either party to the other of intention to terminate.

IN WITNESS WHEREOF the parties hereto have executed this agreement on the day and year first above written.

Prayer at Town Meeting, Hampton, March 9, 1954

Almighty God, our loving heavenly Father, we pray for Thy presence, Thy guidance, and Thy help as we begin the necessary business of this day. As Thou didst direct and guide our fathers in the past, so wilt Thou make Thy will known to us, and may we have our hearts set to try to do Thy will.

Thou, O God, hast given unto us in this place a goodly heritage. We remember before Thee with gratitude the days of olden times, and the men and women of stout hearts and staunch faith whose courage and work and sacrifice have given us in this community and in this broad land of ours the priceless gifts of freedom and opportunity and high idealism.

Cherishing the memory and inspiration of those of the past, our Father, wilt Thou help us to solve the problems of the present, not looking longingly backward, but rather with the forward vision of future betterment for our community, our state, and our nation.

May self-seeking and smallness of soul and the desire for power be in abeyance this day. May those elected and appointed to serve Thy people receive from Thee of Thy strength and Thy wisdom. May justice and truth, courtesy and fair-play, tolerance and brotherhood prevail.

With Thy help, may we so think and speak and act and work today and in the days ahead that those who are to come after us shall call our generation blessed.

We would hear in our hearts Thy "Well done, good and faithful servants." We would know for ourselves and our loved ones the peace of mind and spirit that Thou alone canst give. Assist us, our God and Father, to earn and deserve this Thy gift and all Thine innumerable blessings.

We pray in our Savior Jesus Christ's name and for His sake.

Amen.

Article III Article III was read.

Mr. Lawrence Hackett asked if it would be in order to give a few figures explaining the financial condition of the Town.

Bonds owed by Precinct 67,000.00. Bonds owed town \$25,000.

Bonds owed by School Dist. \$251,116.00 to June 30, 1953

Total Bonded Indebtedness \$543,116.00

Legal borrowing power of Town - 3% of \$11,200,000. - \$336,000.

" " " School Dist. 5% of \$11,200,000. - \$560,000.

" " " of Precinct 2% of \$55,000. - \$110,000.

On the basis of figures in Town Budget, before voting Town Warrants 1954 tax rate would be approximately 40.53. This would vary with increased valuation. Total added if Warrant voted at 1954 Town Meeting 42,004.34. This would increase rate to 44.35.

To this must be added expense and salary of a Town Manager if this form is adopted.

Upon motion by Mrs. Margaret Wingate (seconded) it was voted to act upon the Budget item by item.

Art III
 1.

Upon motion by Mr. Dean B. Merrill (seconded) it was voted to raise and appropriate the sum of \$11,000.00 for Town Officer's salaries.

not
amend.

That the appropriation of \$25,000. be increased by \$750. and with that sum a man be employed for the four summer months to supervise the dump at Hampton Beach.

Seconded. It was voted.

Suggestion to Selectmen.

If there is any money left over that it be used to gravel over the dump.

The matter of rubbish disposal was thoroughly discussed. Mr. James Rush explained the fire menace at the Beach dump caused by individuals setting fire to their rubbish during the night.

Mr. Dean Merrill asked if the selectmen had inquired about the pack and fill method of rubbish disposal. Mr. Hunter replied that it would cost one and one half times as much, as the present cost; and that the State Health Dept. said that Hampton had the two best dumps in the State.

Mr. Gamble suggested that a sign be posted at the Town dump asking that no fires be lighted.

Mr. Rush made a suggestion that the Beach dump be divided in thirds: one third to be in use, one third to be burned, and the other $\frac{1}{3}$ covered with gravel. Rotating this process would keep the dump in better condition.

Art. III 10.

Sewer Maintenance

Upon motion by Dean B. Merrill it was voted to raise and appropriate the sum of \$30,000. for Sewer Maintenance with an amendment by Mr. Freeman that the sum of \$2500. be added to that appropriation, the sum of \$2500. to be used to strengthen the wall at the Sewer Plant.

Motion and amendment both seconded.
Both voted.

Mr. Learitt Magrath explained that a 150 ft wall, 12" thick and 10' tall was toppling and needed reinforcement.

Remarks: Mr. Tucker commended the Selectmen for their report in the Town Report.

Art. XXIII Mr. Howard Page moved that this article be indefinitely postponed. Seconded by Leroy Hamilton.

Mr. Lawrence Hackett asked privilege of reading the terms of the lease before action taken. Granted.

Lease signed April 1, 1898. Read terms of lease and that lots included in lease are claimed to have been sold illegally.

Remarks by Mr. Tucker.

" " Tremblor

Mr. Willard Emery asked who ploughed snow and kept sidewalks in repair on streets included in lease.

Mrs. Margaret Wingate inquired who was taking the stenographic record of the meeting, and by whom employed.

The gentleman in question refused

Selection Hackett told assembly that record of proceedings being taken by machine

to state his name or employer.

Motion by Mrs. Margaret Wingate:

"Inds much as the gentleman taking the stenographic record refused to state his name or by whom employed, I move that he be asked to leave the hall. Seconded.

When asked for legal advice on this motion Town Council Perkins asked to be disqualified.

Mr. Willard Emery asked that the stenographic record be left in Hall.

Selectman Lawrence Hackett asked to have meeting recessed while legal council could be sought on objection of stenotype operator.

Moderator Edward Searey requested the gentleman in question to leave the Town Meeting.

He asked the moderator if he would be ejected if he did not do so. Answer, "yes."

Mr. Donald Murphy made the motion to recess the meeting 15 or 20 minutes while legal advice could be obtained. Seconded by Leroy Hamilton.

Motion by Mr. Miller that the moderator ask Chief Malek to take custody of the stenographic record until legal advice sought.

It was voted to recess the meeting until 5:45 P. M. for legal council on the subject.

When meeting re-opened after brief recess Town Council John Perkins explained his reasons for disqualifying himself as Town Council with regard to the subjects discussed resulting from reading of Article 23. He said that as Council for the Town of Hampton and also legal representative for the Hampton Improvement Co. it would not be ethical for him to give legal advice.

Moderator Searey read from "Roberts Rules of Order" under which our Town meeting operates stating that: "Any Body has the right to decide who shall be present at a town meeting."

Attorney Treat explained assembly's rights in the matter of taking the stenographic operator's notes.

The Selectmen asked Atty. William Treat to act as Town Council at this meeting.

Atty. Treat stated that by so doing he was taking no position on the merits of Article 23.

He told the assembly that during the brief recess

the three selectmen, Moderator Edward Seery Jr. Judge John W. Perkins and himself held a conference on the right of the assembly to eject the stenotype operator from the meeting. In Mr. Treat's legal opinion they do have right.

On the question of whether we have the right to take from, confiscate, or impound, notes in the possession of the operator, Atty Treat called the Atty. General Wyman by phone. No comment.

The operator called his employer Atty Kenneth Graf of Concord and Manchester N. H. who is representing the Hampton Beach Improvement Co. Mr. Graf said that in sending Mr. Nolan here to take notes concerning Article 23 there was no intention of infringing upon the rights of this assembly.

The suggestion was made by Attorney Graf and Treat that the notes in question be voluntarily passed to the Town Clerk to be kept by the clerk until legal authority decides upon the proper disposition of them. These notes not to be transferred, transcribed, or contents divulged until duly authorized by officials of the Town of Hampton.

It was voted to accept this solution.

In reply to a question by James Tucker Jr. Atty. Treat said that, "Other records than those of the clerk may be used as evidence."

Selectman Lawrence Hackett made the motion that "I move the town raise and appropriate the sum of \$1,000.00 to hire counsel to investigate the legality of the 99 year lease and to take action in the interest of the Town."

Seconded. So voted.

Mr. Seth Perkins made an amendment to this motion that no more than the said \$1,000 be expended for the purpose of Art. 23. Seconded.

Vote lost. Amendment not passed.

Mr. Irving Campbell moved that the meeting be recessed until 7:30 P.M. Seconded. So voted.

The motion was made by Donald A. King that Article 24 be adopted as read. Seconded. So voted.

Art. XXV

Sewer System Fairfield Park.

Mr. Kenneth Miller made the motion that Art. 25 be adopted as read.

Discussion:

Mr. Raymond Garland said that some systematic method of extension of sewer system should be instituted.

Mr. Miller stated that there were 31 houses in Fairfield Dr. and Belmont Circle to connect with sewer.

Mr. Rice asked if sewer could be put under bond issue at this meeting. Town Council replied No. Moderator warned that Polls closed at 8: P.M.

Article XXVI

Erosion of Great Boar's Head.

Mrs. Margaret Wingate moved that Art. 26 be indefinitely postponed. Seconded. Later both withdrawn.

Mr. Lawrence Hackett went on record as saying that he would be in favor of anything that would help the people of Great Boar's Head.

Mr. Alexander Morse made remarks advocating help for the erosion problem at G. B. Head. He also made the motion that the moderator appoint three property owners of Hampton to work with the Selectmen to see if town can secure State and Federal aid for the erosion of Boar's Head, and report at next Town meeting. Seconded. Voted.

Mrs. Marian Dearborn, a property owner at Great Boar's Head asked permission to speak. Permission was voted. She explained some of the legal tangles preventing State and Federal aid and asked the Town to help in solving the problem.

Art. XXVII

Aircraft Spotting Station.

Remarks previous to vote. Chief Clerk -

Reported that \$838.67 of Civil Defense App. still on hand. \$289. of that sum committed for auxiliary police equipment. Selectman Harry Munney said that the previous observation post at High St. cost approximately \$1,000.

Motion lost.

Mr. Rush moved that Art 27 be indefinitely postponed. Seconded. Chief Clerk reported that the Legion had been approached by Civil Defense authorities of State and County Level about manning Observation Posts.

Mrs. Wingate made remarks on the subject. Many other opinions. Mr. Seago of the Legion spoke in favor of observation tower being built.

Mr. Leroy Hamilton offered to give 2 days ^{gratue} to help build the post.

Mr. Leroy Hamilton moved that Art. 27 be passed as read. Seconded. So voted with the following amendments:

1st amend. by Mr. Sam Moore, that the sum of \$300. be raised and appropriated for the observation post. Seconded, voted.

3rd. amend.

Mr. Harry Sprague moved that the spending of the \$500. be left to the discretion of the Chief of Civil Defense. Seconded. It was voted.

Information concerning the status of the Fish House Suit was asked by Mrs. Margaret Wingate. Judge Perkins reported that:

Depositions were taken.

Several hearings before the Superior Court.

Two motions had been denied by the court.

Two exceptions taken.

Now in Supreme Court on matters of procedure. Report due this spring.

proposing that only legal voters of Hampton be admitted to Town Meetings in the future.

Mr. Edmund Langley presented a motion. This motion was declared out of order. Opinion of Assembly in favor.

Mr. James Tucker moved that a rising vote of appreciation be given the Moderator for conducting such a long and difficult meeting.

A vote of thanks was given the Town Clerk.

There was a rising vote of thanks and appreciation for retiring Chairman of the Board of Selectmen, Douglass Hunter.

Old Business

Mr. Roland Paige gave the Report of the Special Committee authorized by Article 32 of the 1953 Town Meeting.

Selectman Lawrence Hackett moved that the report be accepted, and that Miss Adeline ^{Marston} be thanked for her work. Seconded. So voted.

REPORT OF THE SPECIAL COMMITTEE AUTHORIZED BY ARTICLE 32 OF THE TOWN MEETING OF 1953, TO STUDY THE ADVISABILITY AND EXPENSE OF PREPARING A HISTORY OF THE TOWN FROM THE YEAR 1892 TO DATE.

It is the opinion of the committee that it is advisable and in the best interest of our town at this time to try to bring our history up to date, but due to the present day cost of such a project, the voters may not think it feasible to authorize it at this time. This history would never be a profitable project.

The Committee, however, would like to recommend the following be accomplished:

- (1) Request a history of and from every Church and organization in town.
 - (2) Genealogies, continue family records of those already listed if the family will provide the data.
 - (3) Collect papers or copies of historical importance for the day that this work can be done.
 - (4) Charge the Town Clerk with the duty of preserving these in the town vault.
 - (5) Seek an author who is a citizen of Hampton and who could do this for reasons other than personal gain.
- The figures for compiling a history are most uncertain but the following figures could be used as a rough guide.

500 copies \$2700.
1000 copies 3500.

SELECTMEN'S RETURN OF LAYOUT

FOR ACQUISITION OF LAND

TOWN OF HAMPTON, N. H.

In accordance with a vote taken at the annual Town meeting held on March 14, 1944, and/or upon the Petition of George Ashworth and fourteen others, dated September 16, 1944, attached hereto and made a part hereof, we appointed a day for hearing in accordance with Chapter 54 and/or Chapter 90 of the Revised Laws of New Hampshire 1942, and any amendments thereto and in accordance with such other provisions of said Revised Laws or any amendments thereto that were applicable, we gave Notice as is shown by the exhibits attached hereto and made a part thereof and on the 13th day of October, 1944, at 10 o'clock in the forenoon at the Town Hall in said Hampton, the time and place appointed, said hearing was held and certain interested parties and landowners appeared and a personal examination of the property to be taken for the purposes set forth in the aforesaid Petition was made, and all of the interested parties who attended were heard and all of the evidence that they had to offer was received, and it appearing that there was cause to adjourn the hearing it was therefore adjourned until Friday, October 20th at 3:30 o'clock P. M., at the Town Hall in said Hampton, and on the 20th day of October, 1944, at 3:30 o'clock P. M., in the Town Hall in said Hampton the time and place appointed, the adjourned hearing was held and all interested parties who attended were heard and all evidence they had to offer was received.

We are of the opinion that for the proper construction of a parking place and police station at Hampton Beach in said Hampton there is an occasion for the acquisition of land and it appearing that the Town has already purchased a portion of the premises described in the attached Petition, namely: The land of Carrie Drew, the land of Alice E. Norton and the land of the Hampton Casino Associates, and it appearing that in order to acquire such further land as is necessary it becomes necessary to lay out and acquire a portion of the land of Ralph A. Moulton of St. Petersburg, Florida, and a portion of the land of James W. Tucker, Jr., of said Hampton, and we, therefore, accordingly lay out a taking of land as follows:

Beginning at a point on the westerly side of Marsh Avenue, so called, said point being at the southeasterly corner of land of the Town of Hampton formerly of the Hampton Casino Associates; and thence running southerly along the westerly side of said Marsh Avenue 141.2 feet to a point, which point is exactly fifty (50) feet northerly from the northeast corner of land formerly of Carrie Drew and lately acquired by the Town of Hampton; thence turning and running westerly along other land of Ralph A. Moulton 100.0 feet to a point; thence turning and running southerly along other land of said Moulton 50.0 feet to a point which point is exactly 100.0 feet westerly from the northeasterly corner of said Carrie Drew land now land of the Town of Hampton; thence turning and running westerly with the division line between land of said Ralph A. Moulton and said Drew land now land owned by the Town of Hampton to a creek; thence following the course of said creek, and including all rights in the creek, in a general northerly direction to land formerly of Hampton Casino Associates recently acquired by the Town of Hampton; thence turning and running easterly with the division line between land of said Moulton and land formerly of the Hampton Casino Associates to the westerly line of Marsh Avenue, the same being the point of beginning.

Also another certain tract of land bounded and described as follows:

A certain tract of marshland situated in said Hampton and lying westerly of Marsh Avenue, so called, and bounded and described as follows: Beginning at a point on the northerly side of land of the Town of Hampton, formerly of Hampton Casino Associates, which said point is exactly 303.0 feet westerly from the westerly side of Marsh Avenue, so called; and thence

running westerly with the division line between land of James W. Tucker, Jr., and said Town of Hampton land to a creek; thence turning and running Northerly along said creek 50 feet, more or less, to a point; thence turning and running westerly along land formerly of Alice E. Norton now of the Town of Hampton to the westerly side of the sewer easement; thence turning and running northerly along the westerly side of the sewer easement to a point in the northerly boundary line of James W. Tucker, Jr.; thence turning and running easterly across said sewer easement and with the northerly line of land of James W. Tucker, Jr. to a point in the division line between land of said Tucker and land of Jeanette M. McCoy, said point being exactly 303.0 westerly from the westerly side of said Marsh Avenue; thence turning and running southerly along land of said James W. Tucker, Jr. in a straight line to the point of beginning.

All of the land described above, as well as the land purchased by the Town of Hampton, being shown on a Plan of land made by John W. Durgin, C. E., dated December 1943, Revised May, 1945, attached hereto and made a part hereof.

It is the belief of the undersigned that the land for the parking space and police station hereby laid out together with the land which has been acquired by purchase, will fulfill the requirements as to location, and dimensions of area which are necessary for the construction, maintenance and use of said parking space and police station and will at the same time occasion the least amount of damage and inconvenience to landowners.

And we award damages to the owners of land over which the area above described is located as follows:

James W. Tucker, Jr., Hampton, N. H.	\$150.00;
Ralph E. Moulton, St. Petersburg, Florida.	\$3,500.00;

Given under our hands at Hampton this 19th day of May, 1945.
